President's Talk Waited On Tax Cut

Speech Scheduled Tonight In Bid To Stir Up Support

WASHINGTON (AP)—President Kennedy goes before the nation tonight to try to stir up a strong tide of support for his \$11-billion tax reduction program.

The bill is awaiting a vote in the House. But the Senate is expected to provide the toughest hazard, with opposition running strong and a possibility the bill could be lost in a filibuster over civil rights legislation.

In advance of Kennedy's 7 p.m. EDT speech over all the national radio and television networks, Republicans in Congress demanded a dollars-and-cents pledge of spending control.

"We are tired of listening to these generalities," said Rep. John W. Byrnes of Wisconsin, the chief Republican tax spokesman.

Although the House is not expected to vote on the tax cut until a week from today, preliminary parliamentary maneuverings were under way as Republicans and some Democrats sought an opening to tie a spending limitation to the bill.

The House Rules Committee called a meeting to decide under what procedures the measure will be brought to the floor next Tuesday.

Kennedy is expected to renew the argument his administration has been making—that spending will be rigidly controlled and is in fact leveling off, and that next year's budget deficit will be smaller than this year's.

The administration position is that the proposed tax cut, which would be effective in two stages—Jan. 1 and a year later—will stimulate business, thus increasing tax revenues and eventually balancing the budget.

Many congressional observers also expect the President specifically to recognize a declaration written into the bill calling for economy and use of additional revenues to reduce the public debt.

Chairman Wilbur D. Mills, D. Ark., of the House Ways and Means Committee, who drafted that section, has said it is intended to mean a choice of tax reduction, and not big government spending, as a means of building the U.S. economy—"And we want it understood that we do not intend to try to go along both roads at the same time."

Chester Eyes Financing Of Sewage Plant

Financing of Chester's proposed sewage disposal system construction is slated for discussion at a meeting of Council, the Sanitary Board and a representative of a bonding firm tonight at 7:30 at City Hall.

A site in the City Park area has tentatively been chosen for the proposed plant, estimated to cost some \$430,000, and for which a federal grant of \$105,000 was authorized a year ago.

A representative of Magnus & Co. of Cincinnati is to meet with the city officials concerning the financing of the project, for which the Sanitary Board has named the A. R. Todd Associates of Wheeling as engineers.

Todd is scheduled to apply for additional federal aid under other programs.

Discussion was held at a meeting of Council Tuesday night on whether tonight's special session should be held as a caucus—"where we could sit down and talk without interference from others attending."

Councilman Donald Hissam made a motion the session be a closed meeting, with information to be released afterward.

Councilman Carl Graham said he did not see why it should be a closed meeting and saw no reason why anyone should be barred. He said some of the action anticipated at the meeting would be official business and could not be authorized if a caucus session were held.

He said, "The press will find out what happened even if a caucus session is held."

Hissam withdrew his motion, and Council authorized a special session on the sewage plant project.

4 Aides Selected For Solicitation

Four district civic leaders have been named to key positions in the 1963 area Community Fund drive, which opens Oct. 1, Frank C. Dawson and Donald U. Honicky, campaign directors, announced today.

The division chairmen are Mrs. J. Donald Thompson, advanced gifts; H. Jud English, merchants; Sidney C. Porter Jr., industrial, and Carl Pelini, professional.

They will be the key leaders in the fund drive's program to raise \$95,000 for district agencies in a campaign which will be kicked off with a "dutch treat" dinner for all divisions Sept. 30.

MRS. THOMPSON, of Park Blvd., active in community betterment, is currently volunteer field consultant for 19 chapters of the American Red Cross in the Ohio-West Virginia area, and has just concluded a term on the Advisory Council of the national Red Cross.

She was instrumental in the formation of the Red Cross Gray Ladies program in East Liverpool as chairman of the volunteer program, and has taken an active part in the group as well as the City Hospital Auxiliary.

She is a member of the Board of Directors of both the Child Counseling Center and the Cerebral Palsy Association as well as the Salvation Army. She is the

Council At Chester Sets Talks On Water Problem

A conference with a consulting engineer on improving water volume in Chester was authorized at a meeting of Council Tuesday night after a report from the water committee which indicated fire insurance rates might rise due to present water volume conditions.

Wayne Hutton, chairman of the water committee, reported on a meeting Thursday of industry leaders, insurance representatives and the committee at which the water situation was discussed.

A. L. S. Schmeichel of Charleston, chief engineer of the West Virginia Rating Bureau, told the committee Chester—currently in insurance Class Seven—may be placed in Class Eight, which has higher rates, if water volume continues to decline.

The decreased water volume apparently stems from corrosion in the water mains and a cleaning process may be required.

Schmeichel told the committee fire insurance rates are based upon a point system related to the types of hydrants, the fire department, water system, building codes and other factors.

He told the committee, according to Hutton, should Chester lose 49 more points under these ratings, the city would be reclassified.

The state aide suggested the city confer with an engineer on

Clerk Relates

Mayhew Had 'Made Loans'

Embezzlement Case Witness Undergoes Cross-Examination

A woman clerk in the tax collection office of the Hancock County sheriff's office testified Tuesday she knows of loans made in tax funds by Edgar W. Mayhew, former chief tax deputy on trial for embezzlement.

Miss Eleanor Patterson, an employee in the office since 1943, also said it was customary to advance salaries to Courthouse personnel in county tax funds.

Trial In Third Day

The statements came during searching cross-examination of Miss Patterson, who continued on the stand today as the trial entered its third day before Judge James G. McClure at New Cumberland.

The fifth witness of Prosecutor Floyd R. Tarr, Miss Patterson testified for nearly five hours yesterday in Circuit Court and is expected to be followed to the stand by another office clerk, Mrs. Irene Cullen, and J. Rector Britton, field auditor of the State Tax Commissioner's office.

Britton compiled a 193-page audit barring a shortage of \$53,797.01 in tax funds in the office of Sheriff Joseph H. Manypenny.

The April Grand Jury indicted the 64-year-old Pughtown resident in connection with the shortage, but he is on trial only for alleged embezzlement of \$5,000 from Dec. 31, 1960, to June 30, 1961.

Was Chief Deputy

Mayhew had been chief tax deputy since 1933, until the shortage was uncovered. Miss Patterson was promoted to his job at a lesser salary.

Under cross-examination late Tuesday afternoon, Miss Patterson testified she knew of loans made by Mayhew in tax funds, but declared she never made any herself.

"I know of loans Ed made, checks that never went through the bank, loans from the sheriff's funds," she said.

Man Kills 2, Wounds 2 In Pennsylvania

ARMAGH, Pa. (AP)—A 21-year-old man who state police said apparently had been at odds with his mother killed her and a neighbor woman, shot his father and stabbed a physician in a wave of terror Tuesday night.

Stephen Kondrat Jr. was being held in Indiana County jail today after his escape in two western Pennsylvania counties—Indiana and Cambria.

State Police Sgt. Joseph Hickey quoted Kondrat as saying he wanted to kill his mother but didn't mean to shoot his father.

Hickey said the father stepped between the mother and son, and Kondrat fired. The bullet from the .30-.30 caliber rifle passed through his father's left arm and entered the mother's back.

Killed were Mrs. Stephen Kondrat Sr., 53, and Mrs. Reva Cramer, 50.

U.N. Turns To Several Hot Issues

Buddhist Conflict In Viet Included In Bulging Agenda

BULLETIN

UNITED NATIONS, N.Y. (AP)—A special United Nations committee asked the General Assembly and the Security Council today to consider expelling South Africa at once from the world organization for its policy of rigid racial segregation.

UNITED NATIONS, N.Y. (AP)

—Encouraged by the optimistic mood of its opening session, the 18th United Nations General Assembly turned today to an agenda bulging with hot issues, including the Buddhist conflict in South Viet Nam, African racial quarrels and the admission of Red China to U.N. membership.

The powerful 21-nation Steering Committee had an agenda of more than 80 items. It was expected to approve all controversial questions for debate during the session.

The assembly opened Tuesday on a spark of hope generated by the limited nuclear test-ban treaty. But the first meeting was full of surprises.

Albanian, black sheep of the Soviet flock, seized the initiative and issued a surprise call for assembly debate on giving Red China the U.N. seat held by Nationalist China.

The Soviet Union had been expected to make the proposal despite its ideological dispute with Peking.

The Russians made clear, however, they will support the demand for seating Red China, even though it came from Albania, Peking's ally in the party dispute.

Outcome of the China debate is expected to follow last year's pattern when the assembly rejected a Soviet proposal to oust Formosa and seat Peking. The vote was 56 to 42 with 12 abstentions.

The opening meeting, usually a routine ceremony devoted to the election of an assembly president and other officers, was jolted when 11 young demonstrators burst into the hall, shouting, running down the aisles and scattering anti-Castro pamphlets.

Hlista Murder Jury Begins Deliberations

BEAVER — The Beaver County jury trying Walter Hlista Jr. for the murder of his father began deliberations this afternoon, given an alternative for a verdict for the 19-year-old youth who shot Walter Hlista, 44, last Feb. 28 at their Harmony Township home.

Dist. Atty. Richard P. Steward asked the jury today to convict Hlista Jr. of first degree murder or find him innocent by reason of insanity.

Steward's summation followed that of the defense after testimony concluded in the 10-day trial.

Judge Robert E. McCreary charged the jury this morning.

The jury was given the case at 11:15 and the judge told the panel they "must get out of their mind that the father was a tyrant, as that is not the question." The former police chief had been pictured as a harsh father.

East End Has Fire

City firemen were summoned to East End shortly after noon to the home of Mr. and Mrs. Paul Hardwick, 467 1st Ave., when fire broke out. Neighbors reported heavy smoke coming from the one-story frame structure, but there was no immediate report of any one being injured.

Bomb Victims

Funeral Today, Memorial Rites Due

BIRMINGHAM, Ala. (AP)—They hold the funeral today for three victims of a church bombing—and already memorial services for the four Negro girls killed by the explosion are being organized over the country.

The funeral for one of the girls, Carole Rosamond Robertson, 14, was held Tuesday with hundreds of persons, some white, paying silent tribute before she was buried in the red clay beneath cedar trees.

National Negro leaders, including Roy Wilkins of the National Association for the Advancement of Colored People, were en route to join in tribute to Denise McNair, 11, and Addie Mae Collins and Cynthia Wesley, both 14.

In Congress, a resolution asked President Kennedy to set aside next Sunday—the 101st anniversary of Abraham Lincoln's Emancipation Proclamation announcement—as a day of mourning for the four girls.

The Congress of Racial Equality in New York asked 100 of its chapters to observe mourning Sunday, and the 10 chairmen of

Mexicans Are Victims Of Tragedy

Described As Worst Vehicle Accident In California History

SALINAS, Calif. (AP)—A speeding freight train shattered a makeshift bus jammed with Mexican field workers Tuesday, killing 28 and injuring 35 in the worst vehicle accident in California history.

At least six of the injured were reported in critical condition today. The 28th victim died hours after the crash at Monterey County Hospital.

Bodies were strewn for half a mile along both sides of the track after the crash at a farm road crossing near the town of Chualar, eight miles south of Salinas.

"Bodies just flew all over the place," said Tony Vasquez, 29. He was working in a nearby lettuce field and saw the converted truck ripped into pieces.

Vasquez called the California Highway Patrol and then went back to do what he could.

"Two of those men died in my arms," he said.

"One body was hooked under the engine," said Coroner Christopher Hill Jr. "Shoes, hats, and cutting knives were all around. Everywhere you could hear the injured moaning."

Twenty-two died by the tracks. Others died as 15 ambulances rushed them to three Salinas hospitals.

The workers were returning from a celery field to the Earl Meyers, Co. labor camp near Salinas, 100 miles south of San Francisco.

They rode on four board benches running lengthwise on the flat bed truck.

Francisco Gonzales Espinosa, 34, of Salinas, the driver, said he stopped at the crossing and looked to his right. Highway Patrol Capt. Francis Simmons said Espinosa declared he did not hear or see the train until the front wheels were on the track.

State Speeds New Figures For St. Clair

The State Highway Department's central office now is preparing revised figures to submit to the city on the St. Clair Ave. improvement. Mayor Bert H. Goodballet was advised Tuesday afternoon.

The information came during a telephone conversation with Sherman Price, design and planning engineer for the Division 11 office in New Philadelphia.

The highway department official told the mayor the work had been delayed because figures on the amount of materials required for both shorter and narrower projects were not received from the city's consulting engineers, Glaus, Pyle and Schomer of Youngstown, until last week.

Councilman Kenneth Berg, chairman of the streets committee who was a member of the delegation, told Council Monday night the city still was awaiting revised figures which the Highway Department promised at a conference three weeks ago.

City officials asked the depart-

2 From Area Injured When Autos Collide

Pennsylvanian Also Hurt In Another Of 5 Traffic Accidents

Two area residents and a Pennsylvania woman were injured in two separate traffic accidents investigated Tuesday by the State Highway Patrol at Lisbon.

The patrol investigated five mishaps yesterday and early today, including one in which a Youngstown man was hospitalized.

Cars driven by Mrs. Elizabeth Steiner, 43, of the Cannons Mill Rd. and James C. Knight, 17, son of James Knight of Annesley Rd., were involved in a crash yesterday at 2:35 p. m. on the Cannons Mills Hill.

Officers said Knight started to pass Mrs. Steiner as a third car began to pass him. Knight cut in and struck the Steiner car. The unidentified car continued on, officers said.

Knight, who was treated at City Hospital for a laceration of the head, was cited to Juvenile Court. Mrs. Steiner was treated at the hospital for contusions of the right elbow and possible fractured ribs.

James Shaw Jr., 16, son of James Shaw of Annesley Rd., was a passenger in the Knight car. He was treated about four hours later at the Osteopathic Hospital for a laceration of the scalp.

Considerable damage resulted to both cars, the patrol said. Mrs. Veronica Curry, 52, of Ply-

Police Seek Overtime Pay At Wellsville

Hephner Presents Request To Council For \$2.50 An Hour

Wellsville Council Tuesday night took under consideration a request from Police Chief John B. Hephner that members of his department be paid extra for overtime work.

The chief, in a letter, asked that legislation be prepared and adopted giving the men \$2.50 an hour for any overtime.

The men are to operate on a 40-hour week, but no provision has been made for additional pay if they exceed this, it was pointed out.

Councilman Donald Miller, finance chairman, was the first to comment on the request. He said "the only way I will vote for this is for the people to vote in an income tax. I believe they are entitled to some kind of a raise, but the general fund now is in the red."

Councilman Allen Baldwin said, "We are going to have to do something about this."

Miller said that more money is needed by the city. The cruisers are in a deplorable shape. The fire department hasn't had any new hose for two years. New equipment is needed elsewhere. I am not against overtime if there is money to pay."

Chief Hephner spoke from the audience saying that \$1,000 is to be transferred later for extra police.

Rotarians Hear Porter

Speaker Stresses Value Of Trade Associations

"Trade Association membership is a must for the modern business organization, whether it be steel, soap, pottery or refractories," Winston A. Porter told the Rotary Club Tuesday afternoon in the Travelers Hotel.

The president of the Globe Brick Co. since 1953, he addressed fellow members on the topic "Are Trade Associations Important?" He also outlined developments at the Kenilworth plant over the past 10 years.

Porter recently was elected president of the Refractories Institute, trade association of the 157 refractory producers in the nation, and is chairman of the club's trade association committee.

"Trade associations, to be effective and respected by both the consuming industries and the government, are strongest when they speak for an entire industry," Porter declared.

"THROUGH association membership, the businessman can expect help in solving management problems, product, distribution, and service - technique problems, and innumerable peculiar-to-your-own business problems.

"For this reason, the trade association has become as vital to a well run business operation as the services of an accountant, lawyer, banker or insurance consultant."

He pointed out that there are 13,000 trade associations in the nation. Out of the 4.7 million business firms, approximately 3.8 million, or 80 per cent, belong to at least one trade association.

Citing the potential of the associations, Porter said the U. S. Chamber of Commerce has determined that 92 per cent of the nation's trade associations are now engaged in conducting legislative activities.

"Associations recently have devoted almost as much time to public relations as to government relations in recognizing their responsibility for the improvement and protection of their industry's reputation," he said.

PORTER exhibited his association's most recent publication in this vein, a brochure entitled "From Firefight to Satellite—the Story of the Refractories Industry."

Organized in 1951, the Refractories Institute has made great strides in serving the industry, both members and non-members, Porter stated. Memberships include plants in the continental U. S., Canada and Mexico. A total of 65 companies in the U. S. represent 80 per cent of the total U. S. production, he said.

Porter outlined significant changes in plant production at Globe in the last decade and cited some major improvements.

Capt. John Porter first introduced brick as a paving material when it was used on Ridge Ave. in New Cumberland in 1871. Since

that time, three generations of Porters have been engaged in the manufacturing of paving and ladle brick.

Ninety - two years after Capt. Porter's entry into the brick industry, Globe has risen to the position as the largest and most modern ladle brick plant in the nation, Porter pointed out.

Covering 25 acres in upper Hancock County, the plant employs more than 200 men, mines 1,000 tons of clay per day and operates 34 periodic kilns and two tunnel kilns.

Porter introduced William R. Webber, assistant to the president, and John Dane of Sykes Advertising, Inc., of Pittsburgh. Ralph A. Finley, president, presided.

To Expand Plant

CONNEAUT, Ohio (AP)—General Electric Co. will expand its plant here through a \$1 million project that will increase employment from 180 to 210, the plant manager, L. A. Ebert, said Tuesday. The expansion will be for manufacture of Christmas light sets on an automated production line.

Still Saving The Union

When Negro leaders in Birmingham and around the nation call for United States troops to override Birmingham policy for handling racial strife they are close to saying that the War Between the States is still being fought.

They feel that Alabama, whose governor goes out of his way to say his state does not yield to federal authority, cannot be trusted to protect their rights.

They are acknowledging what whites have been reluctant to acknowledge—that strife over denial of civil rights to Negroes in Alabama and other Southern states is a challenge to preserve the Union. In some of the statements of Southern fire-eating politicians there is an implicit threat of secession.

It would not be secession by armed force, though there is no lack of Southern extremists waving Confederate flags and brandishing guns. It would be, rather, secession by legal interpretation. Secessionists would refuse to acknowledge the authority of the Supreme Court to interpret the Constitution. They would become a law unto themselves, challenging the United States to maintain its authority.

State troops and local police in Alabama are of little value to Negroes, as far as protecting their rights as U.S. citizens are

concerned. They operate under orders from men who boast that they scorn U.S. authority.

Negro leaders calling on Washington for help are calling, in effect, on Washington to save the Union.

Progress Report

Of interest to East Liverpool and other upper Ohio Valley communities is a progress report released the other day by the Ohio River Valley Water Sanitation Commission.

The commission figures showed that 92 per cent of the Ohio River basin population is served by sewage treatment plants, with an even higher 98 per cent for cities and towns on the Ohio itself.

Also encouraging is the fact that 78 per cent of 1,700 industries which discharge waste directly into the Ohio and its tributaries are complying with control requirements.

The knowledge that municipal and industrial waste control plants worth a billion dollars are operating on behalf of cleaner streams helps ease the pain that so many water users must suffer when they help pay the cost of maintenance of proper sewage disposal plants.

A Safety Tip

In not too many months, seat belts will be standard equipment on most automobiles.

Thorough tests already have proved their worth safety wise. And when they become common to most cars the belts should help even more in reducing the number of serious or even fatal accidents.

All the belts in the world, however, won't do any good unless those in the cars take the time to adjust them properly before "takeoff".

East Liverpool and district motorists who already have the safety belts in their cars should make sure they are placed into use. Safety belts are useless if dangling loosely from the seats instead of being strapped securely around those they are designed to protect.

Beatniks

We were wondering, some of us, about the beatniks of yesteryear.

Specifically, what did we call them when our generation was younger?

We didn't need to wonder what they are. Burns. But what did we call them?

Our proposition, you see, is built on the assumption that things are always the same. Only the names are different.

This fools people who forget that human nature never changes. They think everything notable that happens is an aberration and are sure things must be getting better or worse, depending on whether they're optimists or pessimists.

Nonsense. Improvement or deterioration is so infinitesimal in the scope of man's knowledge of himself that it cannot be detected.

BEATNIKS have been with us as long as there is any record of man. They will be with us indefinitely. The only question is their identity. What were they called and what did they look like before they grew whiskers, let their hair get stringy and bled for the left?

The trouble is that we had no name for them before—no separate identity. Like juvenile delinquents, they didn't come into their own until they were given a label, a uniform and got their pictures in the paper. Before that, we appraised them for what they were and still are—an assortment of odd-balls with nothing in common but an aversion to bathing and working.

An Exception

WASHINGTON

President Kennedy has made a lot of use of television to get his ideas across, particularly in tight spots. But he has been reluctant to pitch for popular support in building a fire under Congress.

Tonight will be one of the exceptions when he appeals nationwide on television and radio for a tax cut which had been his No. 1 project for 1963 until he got tangled up in fights over civil rights and a limited nuclear test - ban treaty.

He made a similar television talk last year in behalf of his program of medical care for the aged, but two months later the Senate killed the program and Kennedy hasn't said much about it since.

CHANCES are he won't have any better luck on a tax cut. The House begins debating it next week and probably will pass it. But the whole thing comes to nothing unless the Senate also approves. There's doubt about it.

A big stumbling block is Sen. Harry Byrd, D-Va., chairman of the Senate Finance Committee which handles tax legislation. He's dubious about cutting taxes while government spending exceeds income from taxes, as it does now.

Kennedy reasons that a tax cut will pep up the economy by giving corporations and individuals more money to spend and invest so that eventually the government will make up for a tax cut by collecting more taxes.

BYRD'S committee, if the House approves the cut, may not start public hearings until mid-October or later. Even if uninterrupted they might last six weeks or until Dec. 1.

But if, in the meantime, the Senate gets into a long filibuster on Kennedy's civil rights bill, which seems certain, the tax

hearings for all practical purposes would be suspended until the civil rights issue was settled.

The civil rights debate will be a long one.

The House Ways and Means Committee, which is the Byrd committee's opposite number, last week approved a cut of \$11 billion, but not all of it to take effect at once. It would start Jan. 1 and continue in pieces until 1965.

KENNEDY has made more use of television than President Eisenhower to get his ideas out to the people directly, either through televised interviews, news conferences or direct talks to the nation on sticky subjects.

Last year his appeal for the medical care program was the only full-dress effort for legislation dangling in Congress, and he didn't do too well on that. He talked off the cuff and made some mistakes.

But on Oct. 22 he addressed the nation on the Cuban crisis, explaining the blockade he had ordered to force the Soviet Union to pull its missiles out of the island. In an hour-long interview on Dec. 17 he gave a report on his administration.

He talked about the state of the national economy on Aug. 13 and on nuclear testing and disarmament on March 2, when he announced this country was going to resume testing.

ON SEPT. 30 he reported to the nation on the use of U.S. marshals to compel Mississippi authorities to let James H. Meredith, a Negro, enter the state university.

In 1963 Kennedy has been interviewed on television, besides the usual quizzing at his news conferences, but has used fewer face-to-face talks with the nation than in 1962.

Helping To Get It Off The Ground

13,000 U.S. Workers Wanted

By Victor Riesel

At a Washington reception the other day, King Mohammed Zahir of Afghanistan sat alongside President George Meany of the AFL-CIO. His Highness does not speak English. Meany, who loves to describe himself as a plumber, does not speak Farsi, so he could not really get around to learning from His Excellency how things are in Kabul.

Victor Riesel

But later a member of the royal entourage confided to another visitor that things have been much better for the United States in Kabul. Much of this improvement in the far off Asiatic city, where the Russians are quite cocky, is due to 35 Americans who work as volunteer printers, mechanics, plumbers and teachers in an effort to help the Afghans improve their country. And more such volunteers are needed.

I checked on how many more, and came up with some news which may startle those who deal with unemployment in the U.S. There are 7,000 jobs available across the world. In a year the total will jump to 13,000. Of these jobs, some 800 are in the category of construction workers. Another 400 openings call for mechanics.

I HAVE HEARD much outcry for work in these fields. Yet here are 1,200 openings available immediately. No one works for nothing. There is pay; there is travel; there is two years worth of clothing allowances; there is a month's paid vacation and there is a chance to do something for the people of many lands—including the people of the U.S. who are in dire need of friends across the world.

These are not jungle jobs. These are for volunteers for urban and rural community development projects. There are openings for plumbers, bricklayers, masons—the whole gamut of building trades.

Bricklayers and carpenters, for example, are specifically needed in Peru, Honduras, Colombia, Malaysia and Pakistan need general construction skills.

Any electrician wanting to see a new corner of the world can find a job in Honduras and in those

Peruvian projects, from which I've come only recently.

GABON IN AFRICA needs plumbers. Anybody who can build anything can find work in Malaya, Cyprus, Ecuador and India.

Gabon, for example, wants Americans who can build three room school houses. In addition to the constant need for construction hands, other countries need mechanics—even the do-it-yourself, self-educated chaps, so long as they can tear apart a motor and put it together so it can run again.

It makes no sense for mechanics—and hundreds of machinists—to go jobless here for any reason while work, pay, world travel and the hospitality of grateful peoples await them elsewhere.

In India, which faces a tough Chinese enemy in the East, there is a need for skilled mechanics to assist in the maintenance and repair of mobile health vehicles. There is desperate need to repair the ability to handle the equipment. Peace Corps volunteers are needed to instruct Indians in the refurbishing of these motors.

THE VOLUNTEERS from the U.S. will not only receive special training, but also courses in Indian culture and Asiatic history. The Americans will work in state

maintenance shops and on mobile repair units in several states in Northern India—one of the world's most beautiful regions.

I write no travelogue here, I report bluntly that there are opportunities for all men of all ages above 18 to earn a living abroad for two years and return with such skills and experiences that jobs will not be difficult to find in the U.S. thereafter.

To work at such assignments not only in Afghanistan, India and other parts of the world, the applicant needs a high school diploma, or a graduate certificate from a trade or technical school, or he must be a graduate apprentice. Union members who want to retire early also are eligible if they want to make room for others right here in the U.S.

THERE ARE thousands of other jobs in the clerical field, or on telephone switchboards, or as nurses—not only for those who are registered graduates but also for those with practical experience. There is also work in foreign rural areas for those people who have lived on American farms and who are not college graduates. There are scores of categories of vacant jobs. In all there are 13,000 openings.

Isn't this the time for some of the unemployed here to help our country help other peoples and at the same time help themselves?

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Mrs. H. J. Kaufman was appointed publicity chairman of the ELHS Band Mothers Association.

A new Kroger Grocery & Bakery Co. in the Milligan Building, E. 5th St., opened for business.

John Wyper, Wellsville High School football and basketball star, was slated for a regular end position on the varsity gridiron machine at Muskingum College.

TWENTY YEARS AGO — Mr. and Mrs. John Jackson of 8th St., Wellsville, attended the National Baptist Convention in Chicago.

The East Liverpool High School grid team, coached by A. Gerald Capezutti, rolled over a Newell eleven, 33-0, for its first victory of the season.

Miss Marian Maskalik of Chestnut St., Ext. was graduated from Akron City Hospital School of Nursing.

Today In History

Today is Wednesday Sept. 18, the 261st day of 1963. There are 104 days left in the year.

Today's highlight in history:

On this date in 1799, Quebec was formally surrendered by the French following the battle, started Sept. 12, on the Plains of Abraham. Both the French commander, Montcalm, and the British leader, Wolfe, were killed.

On this date

In 1793, President George Washington laid the cornerstone of the original Capitol building in Washington.

In 1810, Chile declared itself independent of Spain.

In 1931, the Japanese invaded Manchuria.

In 1939 the Polish government fled to temporary refuge in France.

In 1944, Allied airborne troops linked up with the British 2nd Army in the Netherlands.

Ten years ago... The Soviet Union announced that it had completed tests on what it called some new types of atomic bombs, confirming an earlier report by the U.S. Atomic Energy Commission.

Five years ago... Secretary of State John Foster Dulles and Soviet Foreign Minister Andrei A. Gromyko presented opposing views on disarmament in their opening speeches before the U.N. General Assembly in New York.

Rule Of Mobocracy

By David Lawrence

Angry Men Cause Tragedy Of Birmingham

The tragedy of Birmingham reflects the conflicts of angry men. It emphasizes a defeat for the rule of reason and a triumph for the spirit of mobocracy.

To preach non-violence, yet to sanction street demonstrations which incite to violence, is to stir up the deepest emotions. Under David Lawrence such circumstances, men on both sides tend to feel rather than to think.

Responsibility for the recent outbreaks of violence will be attributed by each side to the other in the integration controversy. It will be said that, if the churches themselves had not become active participants in the public demonstrations, there would have been less resentment in the communities.

It will be argued in reply that there was no other way to dramatize what was felt to be an innate injustice both in law and morality.

There is no question about the fact that the bitterness of those who have been discriminated against because of race or color produces an anger that often brushes aside pleas for a rule of reason and for the operation of a system of law.

Not so many years ago, the anger of the mob caused the lynching of many an innocent man. The mob always felt sure that the suspect was guilty and cried out: "Why wait for the courts—he's guilty!" The cry today is: "Why wait for the process of law—it's too slow!"

The air is filled with threats. It's being said that, unless this or that reform is immediately granted, there will be race violence.

No constructive purpose is served by such threats and, when uttered by clergymen, they are even more discouraging.

What is lacking in the controversies today is the restraint that comes from a true religious spirit.

ST. THOMAS AQUINAS in his famous book said:

"The angry man is energetic in the pursuit of justice. But anger can destroy the reasonableness and prudence of our actions. Frequently angry men exact a greater vengeance than the injury done to them merits."

This applies particularly to the men who bombed the Negro church in Birmingham. They do not represent or reflect a majority sentiment in the community. They gave vent only to their own passions of anger and their evil deed will bring about an adverse reaction to whatever cause they had in mind.

Who committed the crime—losing a bomb that killed four young girls in a church during Sunday school services? Could this possibly have been the premeditated plot of any organized movement? Could it have been—as some observers are beginning to suspect—the work of that small but dangerous clique inside this

country who capitalize on every public controversy?

They provoke friction and violence because these will injure the image of America throughout the world—an objective sought by Communist subversives who even employ some fascists for the purpose in order to conceal the true origin of the drive.

It will be of little avail to accuse any one in public office—or the people of Birmingham—of responsibility for last Sunday's crime. This will tend only to increase bitterness all around. Maybe the perpetrators of the bombing will never be caught.

Whether in the North or South, most bombings in recent years have gone unsolved because the bombs can be tossed from a speeding automobile which then vanishes, or they can be planted clandestinely during the night.

THE ANSWER to the country's race problem will not come from bombings any more than it will come from demonstrations, however orderly they may appear to be.

The right of petition under the Constitution can be effectively exercised in less spectacular ways.

Whatever Congress may do at this session will be regarded as inadequate by angry men anxious to accomplish overnight what must take a long time to achieve.

As past experience indicates, customs and ways of life are not surrendered under threat or in an atmosphere of passion.

This country has prided itself on its constitutional system—a government of written laws. Unjust laws are not repealed by mob violence but by steady and persistent pleas in the court of public opinion.

The means of communication are numerous today and are available to proponents or opponents of any legislation.

The theory that demonstrations are essential to the winning of public opinion fails to take into account that, in an atmosphere of anger and bitter resentment, there is no human progress if laws are passed before the electorate has really been persuaded of their justness through application of the rule of reason. Violence begets more violence. It doesn't vanish when provocative speeches are made in the name of non-violence.

IT'S A TIME for self-examination by all sides of the current controversy. There surely are in every community men of all races who can sit down together to work out needed reforms and gradually put them into effect through city ordinances. They also can bring about the passage of the necessary state or federal laws to deal with particular barriers to the better understanding which should prevail among all races.

Even this process, however, takes time for education of the citizens and a legal determination of where private rights end and public rights begin.

Time and reason can solve any difficulty, but the passions of anger will solve nothing—not even in the relations of governments or nations, as the wars of the past have tragically proved.

Space Age Methods

By Stuart H. Loory

WASHINGTON — In the late 19th century some resourceful inventor developed a process for making spittoons and doorknobs with one quick, powerful blow to shape a piece of brass.

Then someone developed a better way of doing things and the "high energy forming process" was discarded. But came the Space Age and someone else rediscovered the old process as a good one for making unusual shapes, such as missile heads, fuel tank ends and fuselage sections.

Now, as a result, the process has been given a new life in commercial industry. One company is using it to make stainless steel feed wheels for orange juice squeezers.

The spittoon-missile head-feed wheel cycle stands out as a case history of how Space Age research aids commercial industry—the companies that turn out the products that makes life easier for the American consumer.

THE STORY is told in a study on "The Commercial Application of Missile Space Technology," prepared by the University of Denver Research Institute for the National Aeronautics and Space Administration at a cost of \$80,745.

Actually, the report says, it's too early to look for commercial by products that have developed out of Space Age technology.

Technological developments necessary to build rockets, spacecrafts and satellites have had a bigger influence by making new processes and ideas available to industry.

Space related research and development, according to the report, stimulates both basic and

applied research and development of improved material across the board in industry.

The report found that institutional and economic barriers exist and must be surmounted before a really meaningful transfer of information from space industry to commercial industry take place.

NASA is studying the report to determine how it can speed up the transfer. It has established an Office of Technology Utilization for that purpose.

TRANSFER of information and products from space to the use of those staying at home on earth has been a goal of the agency ever since it was established five years ago. It uses the possibility of such information transfer to justify its every-growing budget.

Many NASA critics say the transfer will never be enough to talk about. NASA, however, maintains that it will be of great value.

In plainer language, the report appears to say the argument may never be settled.

ice work, suggesting that this be used. Miller said while the money was appropriated on the books, it is not there to be used.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get PASTEETH at drug counters everywhere.

After the contract is let for street improvements, there will be only about \$600 left in the street maintenance fund, he explained. Councilman Robert Taggart commented at this point that "we had too big of a street program this year".

Miller then moved the request be given further study, commenting he did not want it to be just "received and filed".

The text of Hephner's letter follows:

"During the past several months regular members of the police department have worked overtime in order to have proper protection at all times in the city. I believe all members of City Council are aware that the department is not of normal

strength, plus the fact we have had men on vacation.

"Each officer is entitled to time off for his overtime. At present we have no one to work while this time is taken off, and we have criminal trials coming soon at Lisbon, meaning more extra time.

"I am asking City Council to prepare and pass legislation that would authorize the payment of overtime to regular members of the department at the rate of \$2.50 per hour. This would eliminate the accumulation of overtime and would be a benefit of all concerned. The payment of overtime has been practiced by other cities for some time and is a proven success."

mouth Meeting, Pa., reported to the patrol that her car was hit from the rear by a truck at 12:15 p. m. at the intersection of Routes 30 and 170 at Calcutta.

She told officers she was halted for a stop sign. Mrs. Curry was treated at the hospital for a back injury. The accident still is under investigation, the patrol said.

Thomas J. Strassnik, 35, of Youngstown was admitted to Salem City Hospital after his car hit a tractor-trailer truck at 2:20 a. m. today on Route 14, a mile and a half east of Route 7.

Strassnik, driving a 1962 Thunderbird, which was demolished, started to pass another vehicle. He hit the left rear dual wheels of the oncoming rig, driven by Glenn Elder, 54, of Youngstown.

Strassnik was in "fair" condition with lacerations of the scalp and head and a possible cerebral concussion.

Hutton reported a balance of \$3,474 in the water works.

He said 31 water meters have been repaired and are to be placed in homes in the program of metering more residences. The West Virginia Public Service Commission recently indicated a proposed flat rate for the city would be unsatisfactory, and that all municipalities are to have meter systems.

Hutton said 18 meters have been cleaned and will be placed in homes after they are re-assembled.

He reported there were no delinquent water bills mailed this month. Two sanitary sewers which were clogged were reopened, he added.

Councilman Graham, chairman of the street committee, said the Ohio Tar & Asphalt Co. last week completed resealing of a number of streets and alleys. He said some additional work was done by the firm not originally planned, and, although a bill has not yet been received, the total cost will be within the \$7,000 appropriation for street improvement.

Hutton commented more streets could be improved if property owners would pay half the costs.

Discussion was held on painting of lines at Carolina Ave. and 1st St., but no action was taken. Hubert Myers, street commissioner, said the State Road Commission marking machine is disabled.

Miss Betty Cronin Weds OSU Student From Solon

Remembrances from the 1910 wedding of her maternal grandparents were used when Miss Betty Cronin became the bride of Lester Webb Sunday afternoon at 4:30 o'clock in the Orchard Grove Community Methodist Church.

The bride is the daughter of Mr. and Mrs. W. A. Dunn, 1319 Smithfield St., and her husband's parents are Mr. and Mrs. Walter E. Webb of Solon, Ohio.

The Rev. John Stiltz, pastor, officiated for the double-ring ceremony, assisted by the Rev. Charles V. Ireland of Cleveland, former pastor.

Mrs. Donald Ogilvie gave a half-hour recital of organ music. Jess Finley sang "Oh Promise Me," "If I Could Tell You" and "The Lord's Prayer."

The bride was escorted to the altar and given in marriage by her father. She wore a full-length gown of candlelight white silk sheer and Alencon lace. The empire bodice was fashioned with a scalloped portrait neckline and petite sleeves.

The bouffant skirt was styled in dome effect and garlanded with lace pleats which extended into the chapel train. The crushed cummerbund at the waistline was accented with a lopped bow at the back.

Her forward silk sheer bow plateau headpiece, fashioned with an Alencon lace front and pearl droplet, held a bouffant elbow-length veil of imported silk illusion.

She carried a cascade arrangement of white carnations and lily-of-the-valley. In observing the traditions, she carried the handkerchief her grandmother, Mrs. Henry Gruen, carried on her wedding day. The sixpence in her shoe was sent by Mrs. Edgar Morris of England, a friend of her childhood.

Mrs. John Long of Canton, sister of the bride, was matron of honor and Miss Sandy Webb, sister of the bridegroom, maid of honor. Bridesmaids were Mrs. Dave Webb of Butler, sister-in-law of the bridegroom, Miss Marion Wilson and Mrs. Jerry Todd of Columbus.

Their dresses of aqua satin peau de soie were designed by Mrs. Long. The sleeveless bodices were fashioned with scoop necklines and the skirts were bell shaped.

They wore headresses identical to that of the bride, matching their dresses and holding theater veils. Their cascade bouquets featured white mums and English ivy.

Dave Webb served as his brother's best man. Ushers were John Long, brother-in-law of the bride, John Schindler of Solon, Bill Davidson of Syracuse and Phil Carnes of Cleveland.

Greg Long and Mark Long, nephews of the bride, were ring bearer and train bearer.

The mother of the bride chose a sleeveless sheath of beige lace with champagne accessories and corsage of tea roses. The bridegroom's mother appeared in royal blue brocade with white accessories and orchid corsage.

A reception for 200 was held at the Calcutta fire hall. The four-tier cake, which centered the buffet table, was topped with a figurine of clasped hands, which were used at the wedding of the bride's grandparents, Mrs. Gruen and the late Mr. Gruen.

Epergnes of flowers and tapers completed the setting. A wedding candle, gift of the bride's parents, burned during the reception. Aides were Miss Jane Elliot, Miss Sue Clausen, Miss Ellen Drum, Miss Marian Gottlieb, Miss Linda McIntosh, Miss Della Ingles, Mrs. Frank Copestake, Mrs. William Warrick, Mrs. Robert Cairnes, Mrs. Fred Dailey and Mrs. Victor Hargreaves.

Guests were from Valparaiso, Washington, Muskegon, Pittsburgh, Cleveland, Columbus and Canton. Miss Ann Baker, an exchange student from Stratford, England, attended.

For her honeymoon trip to Michigan, the bride wore a yellow mohair and wool ensemble with black accessories.

The bride is a 1960 graduate of East Liverpool High School and

MRS. LESTER WEBB
Bride In Double-Ring Rites.

will be graduated in December from Ohio State University with a bachelor of education degree, majoring in science. She is a member of Alpha Xi Delta social sorority.

Her husband was graduated in 1959 from Solon High School and this summer received his bachelor of arts degree from Ohio State. He is affiliated with Sigma Pi Social fraternity and Sigma Alpha Epsilon Delta pre-medical honorary fraternity. He will begin his second year in medical school at the university.

The couple will reside in a newly-furnished apartment in Columbus.

The bridegroom's parents entertained for the rehearsal dinner at McGeehan's Restaurant in Wellsville when the couple presented their attendants with gifts.

The first U. S. copyright was issued to Noah Webster, of dictionary fame, in 1783.

A coverdiah dinner Nov. 9 for prospective members was planned by Lady Knights at a meeting Saturday night in the K. of C. Hall.

The committee will be comprised of Mrs. Dorothy Chema, Mrs. Mary Kosora, Mrs. Jennie Corseño, Mrs. Kate Amato and Mrs. Mary Crews. Mrs. Jennie Grande will be in charge of the program.

The group will sell Lazy Susans as its Christmas project and instead of a gift exchange will buy a basket of food for a needy family.

Lunch was served by a social committee, Mrs. Mary Crews and Mrs. Chema. Next meeting Oct. 19 at 6:30 o'clock will be followed by a family Halloween party and wiener roast at the hall.

Mrs. Emma Jean Guiliani, chairman, will be assisted by Mrs. Marilyn DeFalco and Mrs. Betty Cataldo. Prizes will be given for costumes.

The Wellsville Bible Study Club will hold its initial meeting of the season Monday night at 7:30 o'clock at the home of Mrs. O. H. Russell of Russell Heights.

Miss Dorothy Ripper will be the leader for the study of the review of the House of Israel and Exod. 1-2.

Mrs. Jean Tipton used "One Day at a Time" as her devotion theme when past matrons of Wellsville Chapter 417, Order of Eastern Star, met Monday night with Mrs. Isa Cornwell of Calcutta.

The leader closed with prayer.

Calcutta PTA Chairmen Set

Standing committee chairmen were named at the initial fall meeting of the Calcutta Parent-Teacher Association Monday night.

Appointed were Mrs. Rita Vanness, kitchen; Mrs. Kate Barker and Mrs. Helen Ward, membership; Mrs. Martha Skelton, publicity; Robert Vanness, Mrs. Keith Sevy and Mrs. Ruth Green, playground.

Of the 147 who attended, 134 signed membership cards. The Rev. Thomas Clyde conducted devotions.

Nancy Smith, supervisor, spoke on the activities held at the playground the past summer. Clayton Aughinbaugh, president, conducted business.

The group voted to purchase an amplifier for the all-purpose room. A donation of \$200 was made to the school for the purchase of supplies and \$50 to the Child Counseling Center.

Calvin Graber, new principal, was introduced. He in turn presented the teaching staff. George Van Horne, executive head of Beaver Local Schools, spoke on the 7-mill levy to be on the fall ballot.

Lunch was served. Joseph Coons, president of the Citizens Scholarship Foundation, will speak on "Dollars for Scholars" at the meeting Oct. 21.

Program Books Distributed By WSCS In Newell

Program books for the coming year were distributed at the meeting of the WSCS of the Newell Methodist Church Monday night in the Fellowship Hall with 15 members and a guest attending.

Mrs. Colleen Addis, president, conducted business and led devotions.

The group will sponsor a bazaar Nov. 21 from 10 a. m. to 10 p. m. at the Newell fire station. Bulletins will be sent to church members and friends enlisting their help for operation of the booths.

It was voted to list the second Tuesday of each month as the date for monthly meetings in the

community calendars being sold by the Newell Women's Club.

Lunch was served by the hostesses, Mrs. Mary McGown and Mrs. Edna Auville. Fall flowers centered the table. Favors were napkins featuring Scripture and circulars with the head of Christ.

Next meeting is Oct. 8 and hostesses will be Mrs. Laura Hedrick and Mrs. Marie Silliman. Worship leader will be Mrs. Delia Houghton.

Franklin D. Roosevelt was the first President to be inaugurated on January 20, instead of the former inaugural date of March 4.

Lisbon PTAs Open Season

LISBON — The Parent-Teacher Associations of the McKinley and Lincoln Schools met Monday night to open the new term.

Mrs. Robert A. Williams, president, presided for the McKinley group and Mrs. Edwin Kauffman led devotions.

The annual room mothers meeting Oct. 2 was announced by Mrs. Roger James, vice president.

Mrs. Raymond Weaver, program chairman, introduced Miss Della Wetzel, principal, who presented each teacher, who in turn gave brief biographies.

An explanation of the school insurance program was given by A. Monty Muntean, representative of the Nationwide Insurance Co.

"Outlook of Education in the Lisbon Schools" was the subject of Supt. Oliver Payne, guest speaker.

The Lincoln group met with Mrs. Wilfred Culler, president, presiding.

Glen Logston, minister of the N. Beaver St. Church of Christ, led devotions.

The teaching staff gave short biographies when introduced by John Lewis, principal.

Muntean explained the insurance plan.

Parents met afterwards with the teachers in the class rooms.

The associations will hold a joint meeting Oct. 21 at McKinley for next month's sessions.

Negotiations Due At Wellsville On Gas Rate Action

Wellsville Council agreed informally Tuesday night to negotiate with the Ohio Valley Gas Co. on a proposed rate increase.

Harold Sneddon, local manager for the utility, asked if the members had given any thought to negotiations, pointing out he first appeared before Council in July 1961 to seek a rate increase.

The proposal was turned down then, as were subsequent proposals.

"We have been patiently waiting to hear from you," Sneddon commented, in explaining that Wellsville is one of the few remaining cities in the state that has not signed a contract.

AT A MEETING in August, another official of the firm spoke to Council concerning the increase. Legislation was presented which was passed on first reading, but defeated on second reading.

Councilman Donald Miller commented that he had been working on a counter-proposal, but pointed out he has not conferred with other members of Council on the matter.

Mayor William Daugherty said he cannot see why the members of Council will not submit a counter-proposal. "Common sense dictates that a counter-proposal would be made in the best interests of the community," he said.

Councilman Robert Taggart said the proposal already was turned down. He said he doesn't think the gas company has been any way near fair with Wellsville. "They have spent money in East Liverpool on a new building, but not a cent in Wellsville. We have more industries for natural gas than in East Liverpool."

Sneddon pointed out the firm will only construct buildings where they are needed and said none is needed at present in Wellsville.

The members then discussed holding a negotiating session in the near future.

THE PROPERTY and water and sewage committees were asked to investigate a request by Ted Allison, 717 Broadway, that a sanitary sewer be extended from Crawford Ave. to property he owns on Aten Ave. He plans to construct a house, he said in a letter.

Taggart said the water department balance is low again and that his committee will work with the department on collections.

Taggart also asked that weeds be cut near Nicholson Stadium and on a lot at 18th and Commerce Sts. Councilman Dwight MacLean said a bush has grown out over the sidewalk on Commerce St. below 9th St.

Council voted to send a letter to the Pennsylvania Railroad asking that repairs be made to the crossing on 10th St. MacLean said he was told by Safety-Service Director Fred Baldasare that the work was to be done, but has not to date.

Councilman Frank DeLorenzo discussed the need for police checking the school zones during noon recess to halt speeders. Chief John Hephner said it could be done.

The mayor said he had planned to call a meeting soon of Chief Hephner, Capt. Pete Trainor, Fr. Gerald Curren of the Immaculate Conception Catholic Church and Supt. Lowell Myers to determine what can be done to make the streets safer at noon.

Miller suggested adult guards be used at crossings. He said they could be sponsored by the Parent-Teacher Association groups. The mayor said he had been thinking about using volunteer firemen in these jobs on a paying basis. Miller said he believes a retired person could be hired cheaper.

Chief Hephner praised Robert Madden, custodian at MacDonald School, for his work in guarding the crossing at 9th and Main Sts. The chief also reviewed the co-operation between the Automobile Club and police with the youths working as school guards.

SOLICITOR William Bush reported that the Georgetown River-Rail Terminal has promised payment of back rent for city-owned land by next Tuesday. Council at its last meeting asked Bush to collect the money.

A discussion was held on trucks using Chester Ave. and on large trucks parking along Main St. Mrs. Mary Rahter, Council president, reported one had damaged a tree in front of a home.

Councilman Allen Baldwin reported Midland is converting its old police radio system for use by the fire department.

Mayor Daugherty said the General Electric and Motorola firms report it would not be feasible for Wellsville's equipment to be converted. Both police and fire departments have to operate on separate bands by Oct. 31.

The Rev. James Sanko of the Riverside United Presbyterian Church gave the opening prayer. He reported on an improvement being made along the bank across the street from the church. Top

soil is being added and the section being widened. Councilman William Stroble was absent at last night's meeting.

Main Lowering Started To Avert Winter Freezing

A water department crew began work Tuesday on lowering a Ray St. water main, which froze up in the severe cold last winter, to a new depth of 42 inches, Donald T. Duke, water department superintendent, said.

Work on lowering approximately 100 feet of the 4-inch main has closed Ray St. and the upper end of Lincoln Ave. to traffic.

Residents in the area were notified to draw water for emergencies, but Duke said service will not be interrupted until the crew is ready to cut the line. The work should be completed "in a few days," he added.

One end of the main was about only 12 inches below the surface and froze up last winter, interrupting service. The interruption continued for several days because water department equipment was unable to negotiate the steep grade to thaw the line.

The shallow depth was created at one end when Ray St. was graded and shaped.

Buddhist Slices Self, Writes Note In Blood

PARIS (AP) — In a protest against the South Viet Nam regime, a Buddhist sliced himself with a dagger Tuesday and with his own blood wrote a letter to the United Nations.

Nguyen Thanh Thai, who identified himself as secretary-general of the International Buddhist Federation, ceremoniously cut himself before a crowd of 300 in a Paris park.

He inflicted a superficial one-inch gash in his chest. An aide collected the blood in a cup. Dipping a brush into the blood, Thai wrote in large Vietnamese characters:

"In the name of the Vietnamese people, we denounce the crimes committed by the Ngo Dinh Diem government and demand an outright condemnation of the violation of human rights in South Viet Nam."

Hammondsville Area Society Aids Graham

A donation of \$25 was authorized for Evangelist Billy Graham's crusade when the Missionary Society of the Grants Hill United Presbyterian Church near Hammondsville met Friday night.

Mrs. Ethel Rose of Chestnut Grove was hostess. Mrs. Wilda Allmon was in charge of lesson study and prayer, and reported on a recent Presbyterian meeting in Steubenville. The group watched a television broadcast of Graham's crusade.

Lunch was served by Mrs. Rose and daughters, Mrs. Freda Householder and Mrs. Martha Sprague, and a sister, Mrs. Flora Jarvis. Twelve attended. Mrs. Minnie Whitacre was a guest. The Bible study of the church will be held Thursday night.

Wellsville Leaders Get Girl Scout Data

Mrs. Frederick Coombs, program co-ordinator, and Mrs. William Zarbaugh, training committee chairman, from Youngstown, explained the new Girl Scout program in Wellsville at an orientation meeting Monday night for all leaders and committee mothers.

Some 25 attended the meeting in the Carnegie Library. A movie was screened and leaders decided that the Juliet Lowe observance usually held in October and the birthday celebration would be held jointly in March. Volunteers as leaders of troops are needed and anyone desiring to help may contact Mrs. Mildred Elliott, organizer.

Jobless Claims Drop

COLUMBUS, Ohio (AP) — The Ohio Bureau of Unemployment Compensation reports that the number of new claims for unemployment compensation and those unemployed one week or more declined for the week ended Sept. 14. New claims for the period totaled 9,507 compared to 10,504 for the week ended Sept. 7, while continuing claims reached 57,859, down from the 59,092 for the same period.

Democratic Club To Push Registration

Plans to participate in the registration of non-voters before the Sept. 25 deadline were discussed at a meeting of the East Liverpool Democratic Club Tuesday night in the Council Chambers at the City Hall. Don Hancock, president, presided.

Mrs. Iris Applegate, chairman of the Democratic Women's Club, asked that each candidate be present at the Jefferson-Jackson dinner at Beaver Local High School Saturday at 6:30 p. m., when Vice President Lyndon Johnson will be guest speaker.

She also said that the women will arrange for an extensive campaign on behalf of local candidates. She reminded members of a meeting tonight at the Lisbon Democratic headquarters when

final plans for the dinner will be completed.

Leo Payne, city chairman, reminded the club that Don Gosney, Columbiana County chairman, wants all clubs chartered by Jan. 1.

Midland Takes Shot At Beaver's 32-Game Winning Streak Friday

One district team has a good chance of ending the longest winning streak in Beaver County. Midland, a team with a lot of scrap and the toughest runner around these parts in Mike Krivosia, has a shot at halting Beaver's 32-game winning streak when the two teams meet Friday night at Beaver.

This game will be watched along with eight others Friday. The weekend of football will wind up with six more contests—headed by the East Liverpool - Steubenville Central game — Saturday night.

THE BEAVER Bobcats are unbeaten in 32 regular season games, but had to squeak by Evans City, 12-6, last Friday night.

EL Meets Central Saturday

Their other victory this season was over Wellsville. Beaver's last defeat was a 14-7 loss to Sewickley Area High School in the 1960 WPIAL Class A championship game.

With Krivosia leading the way, Midland has the material to knock off the Bobcats. The Leopards showed a hard-hitting line and fine backfield at East Liverpool last week, only to have fumble trouble in dropping a 30-12 decision.

IN OTHER games Friday, Wellsville has its traditional battle with Toronto, a team that has won both of its starts. The Tigers are 0-2 for the season, losing to Beaver and Lisbon. Friday's contest will be at Toronto.

The Red Knights defeated Springfield Local handily and last week blanked Carrollton, 30-0.

THE SITUATION this season is the same as last year. Wellsville had lost to Beaver and Lisbon and Toronto had defeated Springfield and Carrollton. The Red Knights played at Wellsville in 1962 and received a shocking 28-8 defeat by the Tigers.

Beaver Local has an opportunity to gain the victory column Friday night when it visits Springfield Local of Jefferson County. Springfield lost its first start to Toronto, then dropped a 14-6 decision to the improved Southern Local eleven last Saturday night.

BEAVER LOCAL, with an 0-2 mark, showed signs of improvement in a 26-6 loss to Leetonia. Coach Ed Stevens has come up

with a new quarterback in Norm Gaydos and the Beaver Local offense may get rolling.

The Tri-County season will get into full swing Friday and Saturday. In Friday night's battles, Leetonia, which has reeled off two straight victories, goes up against Louisville, while Lisbon, another undefeated team, travels to Minerva to meet a strong Lions' eleven. Sebring is at East Palestine in another league game, while Columbiana visits Poland Saturday afternoon to round out the Tri-County schedule for the first round.

STANTON LOCAL, a surprise in the area this season because it has lost its first two games, will be seeking victory No. 1 when Wayne invades Friday night. The two teams battled to a tie last season.

South Side, blanked in its opener at Avalon last week, travels to Sharpsburg and Lorain makes a trip to Salem, where the Quakers will be attempting to rebound from a loss to Ravenna.

LONG TIME gridiron foes — Steubenville Central and East Liverpool — will be meeting at Patterson Field in a Saturday night contest that heads the schedule of six games that day.

Central has a 1-1 record, losing to Cincinnati Purcell, 34-6, then coming back to defeat a good Toledo Devilbiss team, 16-6, last Saturday night.

The Potters will be seeking their third straight victory after marching over Beaver Local and Midland.

OAK GLEN may break into the win column this week against Weirton Madonna Saturday night in a game scheduled in the Steel City.

Following an opening loss, Madonna squeezed by Linsly Military, 6-0 last week, but was not too impressive in winning.

Oak Glen has yet to score in two games, being blanked by St. Mary's and Wellsburg. The Hancock eleven did show and improved offense last week against even battle most of the way but ended 12-0.

DEFENSE-MINDED Southern Local will travel to Midvale Saturday looking for its third straight victory of the campaign and sixth straight over a two-year period.

United, following an easy victory over Crestview, will be meeting East Canton at Lisbon, while Crestview 0-2 will play host to Lowellville.

Koufax Cools Cards' Hopes With 4-Hit, 4-0 Mound Win

Victory Puts St. Louis 3 Games Back

By MIKE RATHET
Associated Press Sports Writer

With only 87 pitches, splendid southpaw Sandy Koufax has made the St. Louis Cardinals as much of a long-shot as Gen. Custer.

Making their last stand in a vital three-game series with the National League-leading Los Angeles Dodgers, the Cardinals lost for the second night in a row Tuesday as Koufax spun a four-hit, 4-0 shutout and posted a record-setting 11th shutout.

The loss, only the third in the last 22 games for St. Louis, left the Cardinals three games back —four in the all-important loss column. Including the finale of the series tonight, the Cardinals have only eight games remaining to 10 for the Dodgers.

ELHS Grid Alumni Will Meet Thursday

The East Liverpool Football Alumni Association will hold its organizational meeting Thursday at 8 p. m. at the YMCA. All alumni members who have earned a varsity letter in football are eligible for membership. Tom Taylor is president.

While leaving the Cardinals with only a long-shot chance of overtaking the Dodgers, Koufax also made the night a personal triumph by becoming the first left-hander in major league history to post 11 shutouts, and the most prolific shutout pitcher since 1916.

Koufax, who has a 24-5 record, broke the shutout mark for left-handers set by Carl Hubbell, who pitched 10 for the 1933 New York Giants. Koufax' 11th was the most by any pitcher since Grover Cleveland Alexander pitched 16 for the Philadelphia Phillies in 1916.

While the Cardinals and Dodgers were playing the big one, San Francisco clubbed Milwaukee 11-3, Philadelphia downed the New York Mets 8-6, Cincinnati edged Houston 4-3 and Chicago and Pittsburgh split. The Cubs took the opener of a two-nighter 3-1, the Pirates the nightcap 4-3.

Cleveland edged the American League champion New York Yankees 3-2 in 10 innings, the Chicago White Sox defeated Boston 2-1, Minnesota downed Detroit 3-1 and Kansas City nipped Washington 4-3 in 10 innings. The Washington at Los Angeles two-nighter was rained out.

The fireballing Koufax, the fleet Maury Wills and the towering Frank Howard all played key roles in the Dodgers' victory.

Koufax was the key man. He had a no-hitter until Stan Musial, the Cardinals' 42-year-old grandpa, lined a single to center leading off the seventh, and he allowed the Cardinals two hits only in the eighth inning.

At that point, Tim McCarver and Julian Javier were on with singles, but Koufax got Dick Groat, tied for the league batting lead, to line out to Willie Davis for the inning ending out.

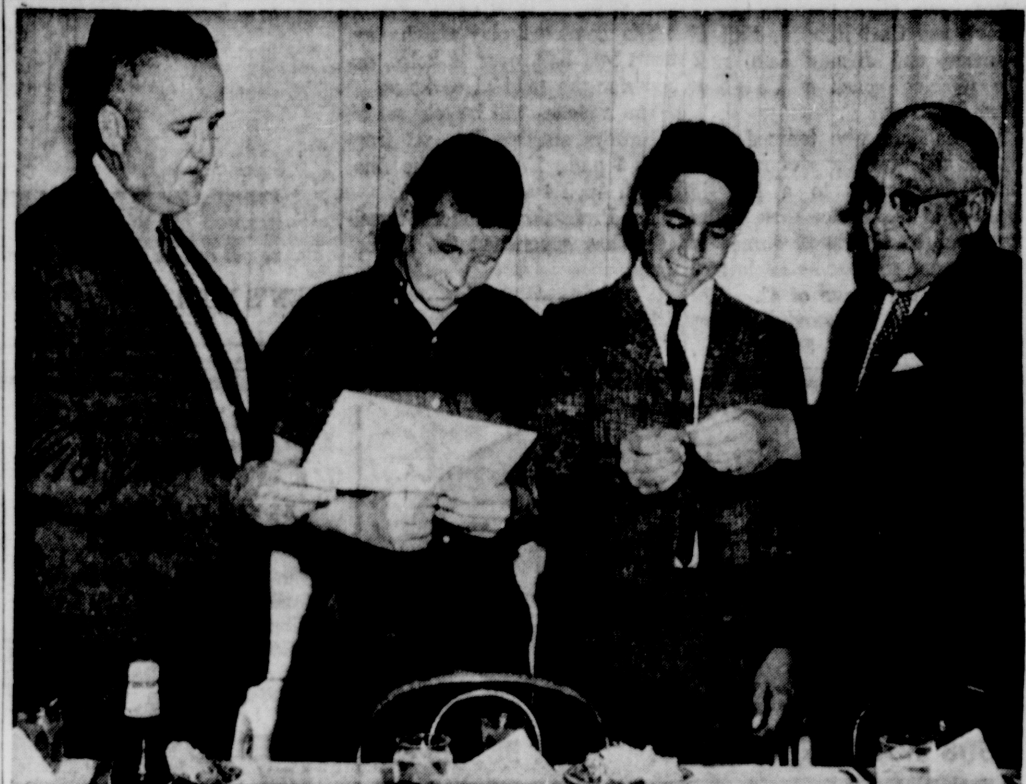

Wills scored the only run Koufax needed when he led off with a single off Curt Simmons, 15-8, stole second, raced to third on a wild pitch and scampered home on a double by Jim Gilliam.

Howard provided additional working room with a homer in the eighth following a single by Tommy Davis and the Dodgers closed out the scoring in the ninth on an infield hit by Willie Davis, his steal of second and a double by Johnny Roseboro.

The 61st American Bowling Congress tournament will be held in Oakland, Calif., Feb. 22 through April 26.

Dodger Hurlers Great

Good Pitching Will Beat Good Hitting, Says Keane

By JIM VAN VALKENBURG
Associated Press Sports Writer

ST. LOUIS, Mo. (AP)—"Good pitching will always beat good hitting," Johnny Keane said sadly but wisely after Sandy Koufax of Los Angeles overpowered his hard-hitting St. Louis club in perhaps the key game of the National League season.

"The Dodgers' pitching has been great and that's the story of this series so far," the Cardinal manager said after Koufax' four-hit 4-0 shutout victory Tuesday night. Johnny Podres stopped the Cards on three hits, 3-1, Monday after they had won 19 of 20.

Walter Alton, Los Angeles manager, had high praise for the big left-hander whose 11th shutout of

the season was a major league record for lefties.

"Koufax was great—he's the greatest pitcher in the game," Alton said. "You don't shut out the Cards very often."

Stan Musial, perhaps the greatest player of his generation, had this to say about Koufax. "He's held that club together, he's the reason they're up there in first place."

Asked whether he could recall a lefty in his best season better than Koufax this year, Musial, 42, thought long and hard and could not come up with a name.

Koufax was amazed when told he had made only 87 pitches, 21 of which were balls. He struck out four, well below his average, and didn't walk a man in running

his record to 24-5.

"I don't think I've ever pitched a game when I made under 100 pitches," said the 27-year-old Dodger ace.

Both Alton and Keane had words of praise for losing pitcher Curt Simmons, a crafty veteran who held the Dodgers to one run until Frank Howard's eighth-inning blow.

While the Dodgers, with coach Leo Durocher the ringleader, were highly confident, the Cardinals were grim-faced. It was obvious their chances were almost gone but they didn't want to admit it.

Musial put it this way: "We just have to win every game from now on."

Shave Holds 4-Stroke Edge Going Into Final

COLUMBUS, Ohio (AP) — Defending champion Bob Shave Jr. of Willoughby was favored to retain his title as the 41st Ohio Open.

Putt Doesn't Qualify In Ohio Open Event

It took a 154 to qualify for the final round in the Ohio Open Golf tournament and Bob Putt of East Liverpool failed when he shot an 82 Tuesday to give him a 157 total for two rounds. He fired a 75 in Monday's opening round.

golf tourney went into its final 36-hole rounds today. But the No. 1 topic around the Walnut Hills course was the runnerup—Circleville's Tom Cassidy, a 20-year-old,

195-pound, 6-foot-3 long hitter serving his second year as head professional at Pickaway Country Club.

Shave, seven under par with 137 after two rounds, held a four-stroke edge going into today's finale. He added a 71 Tuesday to his opening 66 over the 6,740-yard par 72 layout, with birdies on the four par five holes, a bogey and a double bogey.

Cassidy, who manufactured an opening 73, picked up three strokes with a 68 Tuesday and breezed into second place a stroke ahead of Herman Keiser of Barberton and Tom Weiskopf of Bedford.

Keiser, twice winner of this tournament and 1946 Masters champion, slipped to 74 after being only two strokes back after the first round with a 68.

EL Runners Win Opening Meet Easily

East Liverpool's cross country team opened its season by winning a four-team meet at Champion Tuesday afternoon.

In the low-score-wins sport, East Liverpool tallied 25 points while Champion had 71, Boardman 85 and Braceville 97.

Ed Loy, distance star for the Potter track team, led the way over the course in 11:12 placing third while four other Potters were close. Curt Battistelli finished fourth, Phillips fifth, Pilgram sixth and Deem seventh.

Bruce Kiskaddon of Boardman won the meet in 11:04.

East Liverpool's next match will be Saturday against Leavittsburg at Packard Park in Warren.

Oklahoma City Wins Pacific Coast Title

OKLAHOMA CITY (AP)—Oklahoma City won the Pacific Coast League baseball championship Tuesday night, blanking Spokane, 4-0, behind the nine-hit hurling of Ben Johnson and Tom Borland.

The 80ers, who won the series opener, then dropped the next three games before blowing down the Indians in three straight tilts here to win the series, 4-3, extended Spokane's scoreless string to 24 innings.

BASEBALL HEROES

PITCHING — Sandy Koufax, Dodgers, pitched four-hit, 4-0 shutout against St. Louis, increasing Los Angeles' National League lead to three games over second-place Cardinals. It was Koufax' 11th shutout, most in major league history for a left-hander.

BATTING — Johnny Callison, Phillies, hit two homers and two singles in 8-6 victory over New York Mets.

No Ifs Or Butts, Scribe Has 'Bama Over Georgia

By HAROLD CLAASSEN

Associated Press Sports Writer

NEW YORK (AP)—New stars,

new coaches, new rules and new

rivalries appear ahead in the new

college football season. But among

them is the same old trouble of

picking the winners. Anyhow, here

are the victors in this weekend's

major games:

Alabama over Georgia: No ifs,

ands or butts. This likely to be

the most bitterly contested game

of the Southeast Conference sea-

son with Alabama's quarterback

Joe Namath the hero. The 1962

version of this game got into the

courts later because of a reported

telephone conversation.

Washington over Air Force: If

you want to see if the Coast Con-

ference's possible champion can

stop the passing of quarterback

Terry Isaacson, you can find out

by watching your television

screen.

Texas over Tulane: They claim

this is a new look Tulane team

but chances are the results will

be the same with Texas a rela-

tively easy winner Friday night.

Clerk Relates Mayhew Had 'Made Loans'

(Continued from Page One)

sheriff, Miss Patterson said. Questioned by Atty. John Garden, she said she did not recall a loan to former Sheriff Mike Solomon.

Had Cashed Checks

Miss Patterson also stated that Mayhew had cashed checks for some auditors working in the Courthouse, and "some were not good." She added they were written by a Mr. Mayfield and a Mr. Clarkson. There are about \$923 or \$927 in bad checks in the office, she said.

In describing office routine,

Miss Patterson said advances in salary were made to different Courthouse personnel.

Cash would be given the employee and a slip placed in the cash drawer listing the name of the employee and the date the funds were borrowed, she said.

The loans were repaid whenever the employee's check was cashed. Miss Patterson said she was unclear on how often this happened. Questioned as to whether she had ever obtained an advance in this manner, she added "I did it very infrequently, not even once or twice a year."

Witness 'Eager'

Miss Patterson appeared eager to tell of the loans she declared were made by Mayhew, but the questioning never returned to the subject.

In her opening testimony, Miss Patterson said only three persons had the combination to the office safe — Mayhew, herself and Mrs. Cullen. She said the sheriff didn't know it and she didn't believe any former sheriff knew it. She said she talked to Mayhew in October 1962 about the alleged shortage, in attempting to close

a monthly statement for July which did not balance by some \$4,000.

Mayhew said he had forgotten to enter certain entries in the cash slips. He added the figures so the statement balanced, Miss Patterson testified.

Difference of \$54,000

"Within a week afterwards, we attempted to close the August statement and there was a \$54,000 difference," she said. "We thought something was wrong, double-checked everything and could find no mistakes," she said.

The alleged shortage was discussed with Sheriff Manypenny immediately, and later in the month with Mayhew. Miss Patterson said she later found that transfer checks had been written and both the Peoples bank and the Bank of Weirton had been credited with a deposit covering the shortage.

She said she advised Mayhew and "he began to cry, he put both hands on his head and said he was sick. He said he would fix it the next day," she said.

Associated 19 Years

Miss Patterson said she had worked with Mayhew for more than 19 years, and that his last day of work in the office was Sept. 13, 1962. He later became ill and was in the hospital for a few weeks with a heart condition.

Atty. Garden led Miss Patterson through the various sheriff's in the county from the time she started in 1943 to the present.

She started with Sheriff Dick Wright, who was followed by Solomon, then Wright again, James Hill, Clayton Hobbs and Manypenny.

Mrs. Cullen started full-time in the office in 1949. But Mayhew was the only one that counted the cash in the office to her knowledge, she said.

Questioned At Length

The witness was questioned at length by Atty. Garden on the office layout. She described it as a large room, with a smaller room and a vault. Part of the large room is divided with a partition for benefit of the taxpayers, and "they rarely get behind it," she testified.

She later described office routine, pointing out she never saw a personal check of a county sheriff although it is a customary practice to cash checks at the tax office.

Miss Patterson said the public only "rarely" got an opportunity to come behind the partition where payments are made. "Only occasionally to see the land book," she said.

Admits Suggestion

She admitted that she and Mrs. Cullen had suggested use of a cash receipt book to Mayhew, declaring they "thought him careless and not dishonest." The practice started several times, but didn't last very long, she said.

Miss Patterson also said the Peoples Bank is used as a depository for excess county funds. She said she made up transfer checks at the direction of the defendant.

The state spent considerable time in the afternoon introducing as evidence financial statements prepared by the defendant and records obtained from the two Weirton banks.

Miss Patterson would look at each, and be given figures by

Bank Statement Cited

For instance, Atty. Donell submitted a statement from the Bank of Weirton for March 31, 1961, showing the county had \$36,636.59 on deposit, and one for the same period from the Peoples Bank showing \$135,089.71 on deposit. The total was \$171,726.30.

But the financial statement prepared by the defendant for the month showed \$216,726.30 on deposit, a difference of \$45,000, the assistant prosecutor alleged.

Concluding a lengthy examination of the witness, Atty. Donell asked: "Have you ever stolen any money from the tax office?" "I have not," Miss Patterson replied and the cross-examination followed by Atty. Garden. Also representing Mayhew are Atty. Gilbert Bachmann of Wheeling, chief counsel, and Atty. Ed Flowers of New Cumberland.

Crash And Fall Injure Motorist

An Empire man remains in "fair" condition today at Ohio Valley Hospital at Steubenville with injuries suffered in a one-car accident and a fall after the mishap Tuesday at 10:10 a. m. on Route 7 eight-tenths of a mile north of Toronto.

Gerald W. Sutherland, 26, was driving south when his car went off the right side of the highway and struck a cement retaining wall, according to the Wintersville State Highway Patrol.

The car then bounced across the road and struck a utility pole. As Sutherland got out of the car, he lost his balance and fell over an embankment along the Ohio River.

Ambulance attendants were unable to carry him back up the bank as it was too steep. They hauled a passing tugboat and put the motorist on it. He was then carried upstream where he could be taken up to the highway.

Sutherland suffered abrasions of the right leg, bruises of the back and lacerations of the head.

Jury Seated To Try \$750,000 Lisbon Suit

LISBON—A U. S. District Court jury of 10 men and four women was seated at Detroit Tuesday to hear the \$750,000 damage suit by a former Lisbon area resident left crippled after a traffic mishap. Three Detroit companies are defendants.

Ronald Dively, 25, now of Youngstown, legless and partly paralyzed, seeks the damages for permanent injuries he says he suffered in the collision near here June 29, 1960.

Dively, driving a tractor which was pulling a farm wagon, was impaled on the wagon tongue in a collision with a truck.

The suit names as defendants the James L. Box Trucking Co., owners of the truck, and the Shelly Co. and Mac-O-Lac Paints, Inc., lessors. He had been employed at a district farm at the time of the mishap.

Glennman Man Hurt In Fall Down Steps

A Glennman man hurt in a fall Tuesday was in "satisfactory" condition today at the Osteopathic Hospital where a city girl was treated after a sliding board mishap yesterday.

Norman Johnston, 33, of Cornell Ave., suffered a possible fracture of the left ankle in a fall down steps at home. He was admitted at 7 p. m.

Karen Gibbs, 5, daughter of Mr. and Mrs. Harry Gibbs of Curry Rd., received a fractured right arm in the sliding board mishap.

Fine Levied For Violation At Tavern

The office of Hancock County Sheriff Joseph H. Manypenny cited a waitress at a new tavern on Route 30 near Chester Tuesday night during an inspection tour by deputies in the area.

Lois Garrett of Hookstown, a waitress at the Half Moon Lounge on Route 30 near Chester Tuesday night, was charged with possession of alcoholic liquors.

Pleading guilty, she was fined \$50 and costs at a hearing later before Squire Harry Lytton of Newell.

Deputies said they logged the arrest while inspecting taverns in the Chester area for possible sales to minors.

Meanwhile, two motorists forfeited bonds when they failed to appear for hearings Tuesday before Squire Lytton.

Harry Kane, 19, of Hookstown forfeited a \$100 bond on a charge cited last Sunday morning by deputies after a chase on Route 30. The squire said the youth's car hit an embankment and damaged a wheel. He fled on foot, but was later caught.

George Dunseath of Pittsburgh forfeited \$17.50 on a charge of failure to obey a stop sign on State Route 2 last Saturday. He also was cited by deputies.

Temple Service Tonight To Mark Jewish Holiday

Worldwide Jewry will begin the observance of Rosh Hashanah at sundown tonight, marking the beginning of their New Year 5724.

At the Temple Beth Shalom, the observance will begin at 8 with Rabbi Stanley F. Chyet of the Hebrew Union College Jewish Institute of Religion in Cincinnati as speaker. He will preach on "Is Their Anything New Under the Sun?" Dr. William Sulkes is president of the congregation.

Howard S. Faye of Evanston, Ill., will serve as Cantor and Ernest Lowe will direct the choir.

Services will commence Thursday at 9:30 a. m. with Rabbi Chyet speaking on "The Courage to Live In Uncertainty." At the Friday morning service, also at 9:30, the rabbi will speak on "The Isaacs Among Us."

Sabbath of Repentance services will be conducted Friday at 8:30 p. m. and the rabbi will speak on "Into Thy Hands, O Lord."

Rosh Hashanah inaugurates Judaism's most important season, the 10 Days of Awe, culminating in the great White Feast of Atonement, Yom Kippur. During the festival, worshippers will pray that God grant mankind a year of life, health, sustenance and cheer, and a year of faith and wisdom to meet the perplexities and perils that may arise in human affairs.

Asks Mourning Period

DAYTON, Ohio (AP)—The Dayton chapter of the Congress of Racial Equality has asked Gov. James A. Rhodes to proclaim a five-day period of mourning in Ohio for the four Negro girls killed last Sunday in the bombing of a Birmingham, Ala., church. W. S. McIntosh, executive secretary of CORE in Dayton, said his chapter probably would hold a solemn march to the Federal Building here on Sunday.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: Here is an idea for those empty bleach jugs.

Toddlers and crawling youngsters chasing a rolling, tinkling toy. You will find them fascinated with a colorful, round plastic bottle rolling along in front of them, particularly when you have dropped two or three tiny bells or a few pebbles in the bottle to produce that elusive, fascinating rattle.

To make this toy, take one of your clean round plastic bottles, drop in two or three bells or some pebbles. Coat the neck of the bottle (the threads on the neck) and the threads inside the bottle cap with a good dependable glue. Put the cap on the bottle tight. Let stand overnight to dry thoroughly — and you have a new toy for the youngster (or for your pet, if you have a pet as spoiled as mine).

The cap can't come off, and the toy is unbreakable as far as a child is concerned. I keep my eye on my pet, "Peanuts," when he is tossing his little bottle around; he might decide he wants to chew a hole in the bottle just to see what makes it tick!

I made one for a neighbor's child . . . and I still can't decide who has the most fun, the baby or "Peanuts."

DEAR HELOISE: Someone drew a big "doodle" on my oil cloth with a ball point pen. I couldn't remove it.

One night while peeling potatoes, my scientifically-minded son remarked that raw potato would remove it. I rubbed the ink spot with the raw side of a cut potato and presto . . . the ink was completely removed.

We tried it on different pieces of vinyl and plastic and it worked everytime. When some marks were stubborn, we just rubbed the raw potato on and left it overnight and the next morning the stains were gone.

AGNES MADDY.

DEAR AGNES: Thank you for us. We tried your method with seven different kinds of ball point pens. It worked on all except one!

On one piece of white plastic we used your method but a faint red line still remained, so we dipped the potato in scouring powder and scrubbed away . . . every trace of the ink was removed.

There was still one brand of

ball point ink that we couldn't remove and I suggest that before giving your children ball point pens, you test one yourself first to see if you have bought the indelible kind.

Mark on a sample or old piece of leather and try the potato scrub. If the mark is removed, your ball point is fairly safe.

If the mark is still there, better to buy a new pen or keep it out of the kiddies' reach.

Firemen Set Calcutta Area Fund Drive

Calcutta volunteer firemen mapped plans for an annual fund drive for operation and maintenance expenses at a meeting Monday night in the station.

The fund campaign was delayed until delivery of a new \$21,000 fire truck.

"Since the new fire truck is ready to give better fire protection to the Calcutta fire protection district, it is felt that all householders would like to share in the operating costs," officers said.

Contributions are to be sent to Chief Laverne Seckman of East Liverpool R. D. 2.

Twenty-one attended, and Bob Brooks of the Ohio Bell Telephone Co. provided information on mobile telephone service. Firemen are interested in fire truck communications and are obtaining figures on installation costs.

Seckman conducted a class in pressure water pumping on the new fire truck. Small group truck training is planned soon.

Firemen will meet at the hall Thursday night and will leave at 7:30 for the Tri-State Firemen's Association meeting at Ohioville. Next meeting is Monday.

EVERYBODY TALKS ABOUT POOR HEALTH

But, unlike the weather, you can do something about it. Even though the human body can take a great amount of abuse, it sometimes calls for help. When it develops minor pain or discomfort that goes away and returns, if you suddenly begin to lose weight or energy; these are danger signals.

Without delay visit a physician for a health check-up. It takes medical knowledge to find out what is wrong and how to properly help your body enjoy better health. Your physician has this ability.

Dr. Robert D. Mercer, head of the pediatrics department of Cleveland Clinic, will speak for the open dinner meeting of the Columbia County Affiliate of the United Cerebral Palsy Association at 6:30 Tuesday night at St. Aloysius Parochial School Hall.

He is a graduate of the University of Michigan and took his residency training there. He served overseas as a battalion surgeon during 1944-45.

Dr. Mercer studied pathology at Boston Children's Hospital for two years then went to Western Reserve University as assistant professor in pediatrics. In 1959 he became head and assumed his present position.

He has served on the Board of Trustees and the United Cerebral Palsy Association of Cuyahoga County since its founding in 1948. Dr. Mercer has also been chairman of the Medical Advisory committee of the United Cerebral Palsy Association of Ohio.

Richard G. Brian, president, announced tickets are available from any member of the dinner committee, the Board of Directors, or by calling at the clinic offices in the Mary Patterson Memorial, telephone FU 5-5312.

Atty. John B. McDonald is chairman of the committee comprised of Mrs. Alexander Fisher, Mrs. J. Donald Thompson, Mrs. Robert Jones, Rex Reich, Robert Cole, Michael Turk, Mrs. Dorothy Horsley and Lawrence Zollinger.

In a report of services of the organization, Brian listed physical therapy, nursery school and physiological examination upon request.

The group was chartered in October 1954 with the Rev. Frederick Gillette, as president with three children enrolled. At present, 25 children are assisted, ranging from infancy to adolescence.

Procedure for admittance to the physical therapy classes is by orthopedic referral. Dr. Fisher is president of the Medical Board. Dr. William B. Mikita visits the Board of Health approximately every two months to summarize referrals. Mrs. Leonard O. St., a registered physical therapist, serves twice a week.

There are no fees and the classes continue through unsolicited, voluntary contributions. Children have been seen from Leontonia, Columbiana, Wellsville,

eral Hospital following surgery Monday.

Council Aims License Lack

A long discussion by Chester Council Tuesday night concerning failure of some residents to obtain necessary licenses ended with instruction to the police department to continue enforcement of the licensing ordinance.

It was reported a number of persons do not have city driver's licenses or the various permits required for salesmen, professional and business operators.

City Solicitor William Ingram said real estate salesmen should obtain licenses. Councilman Charles Kology said several motorists are known not to have the required driver's license.

Mayor Harry Abrams asked Kology to name the drivers and he would send police to "bring them in," adding a person cannot be cited unless he or she is in the act of driving.

Mayor Abrams said more licenses were sold in 1962-63 than in any previous year. Police Chief Clarence Lennens said \$1,572 has been collected since July 1 for 1963 licenses, and with nine more months to go, the license revenue may surpass the \$1,685 collected last year.

Chief Lennens said "You can't catch them all," adding, "If you do, you might have a councilman on your back."

Councilman Donald Chaney asked the chief who the councilman was on his back.

Councilman Wayne Hutton suggested a traffic road block be set up to apprehend license violators.

Lennens replied, "With only two police officers, we are now working about 70 hours a week each." He said a two-hour traffic check held last week ended with only one unlicensed driver cited.

Chaney said "Even if my best friend breaks the law, he should be cited."

Clerk Roy Cashdollar said for-

Mrs. M. Rudolph Miller is teacher of the nursery school sponsored by the East Liverpool Junior Women's Club. Classes are in session every Tuesday and Thursday afternoon. Assisting Mrs. Miller are members of the Junior Women's Club and the Future Teachers Club of East Liverpool High School.

Members of the Key Club contribute much time in the clinic, assisting with many projects, cleaning, Christmas parties, picnic and other phases.

The Junior Gray Ladies also assist in many phases of the continual operation.

Mrs. William White is president of the Parental Group, which assists in fund raising for the purchase of braces and other needs. Mrs. McDonald serves in liaison for the group and the Board of Directors.

Films available are "What Is Cerebral Palsy" and "Deadline Every Fifty - Three Minutes." Expenses average approximately \$6,000 a year and, as the program increases, the cost to operate the clinic rises. Voluntary contributions is the only source of income.

mer Police Chief Harold Davis mailed notices to all delinquent drivers.

Councilman Donald Hissam said he is not in favor of sending any notices.

Board Insists Instructors Attend Events

LISBON — The Columbiana County Board of Education Tuesday night adopted a resolution that teachers in the four county school districts either attend district education associations or forego pay for those days off.

The resolution covering Beaver, Fairfield - Waterford, Southern and United Local would require each teacher to present a signed statement that he attended the East Central Ohio Teachers Education Association meeting Sept. 30 at United.

The board feels that the teachers are paid for both of these non-teaching days and should attend or not be paid.

Atty. Donald Elliott of Rogers will attend the Northeast Ohio School Boards meeting Sept. 27 at Kent State University as a delegate of the county board.

The Southern Local board sent a copy of letter, advising the county board that it has offered the Arthur Martin family \$1 per day to transfer five children 1.2 miles from their home to school bus stop and return.

The county board acknowledged the letter but requested more information as to why the bus didn't go down the road after the children when the weather was good.

A sample of the Southern Local School District ballot was discussed. The issue, to be voted on Nov. 5, is in regards to the former Franklin Local School District being transferred to East District in Carroll County. It now is part of the new Southern Local district and the entire Southern Local district will vote on the proposal.

Supt. James L. McBride reported the four county school districts show an increase of 240 students so far this year. A breakdown shows 77 in kindergarten, 4,390 in first through eighth grades and 1,748 in high schools.

Last year, the total was 5,968 and this year so far it is 6,205. Supt. McBride said he was selected for a discussion panel at the National Conference of Rural Educators Oct. 6-9 at Detroit. He also reported on the recent county orientation meeting held for new teachers and said he believes it was a great success and expects it will be continued each year.

Elliott reported on the all-county executive and school board meeting held at Lisbon Sept. 12 on the possibility of establishing a vocational school in the county. Bills of \$633.38 were ordered paid. Next meeting is Oct. 15 at 8:30 p. m.

Women's Republican Club Hears Cleveland Chairman

Mrs. Fredonia Black of Cleveland, chairman of the New Citizens' Committee of the GOP, was guest speaker at the meeting of the East Liverpool Area Republican Women's Club Monday afternoon at an informal tea at the home of Mrs. Mary Cawood of Park Blvd., program chairman.

Miss Gladys DeBolt, Columbiana County chairwoman, introduced the speaker.

Mrs. Letha Astory of Salem, state central committeewoman, reported on the 25th anniversary celebration of the National Federation of Republican Women, held this month in Chicago.

Sensors Everett Dirksen of Illinois and Barry Goldwater of Arizona were speakers at the event.

The tea table set on the lawn was decorated with a yellow cloth. Yellow gladioli arranged in an epergne centered the table. Mrs. Astory and Miss DeBolt poured.

The committee for arrangements and hostesses for the tea were Mrs. Victoria Willis, chairman of the social committee; Mrs. Kathryn Hercules, Mrs. Helen Risinger, Mrs. Ruth Brian, Mrs. Helen Walker, Mrs. Gracie Smith, Mrs. Audrey Newitz, Mrs. Mildred Koehn, Mrs. Helen Brokaw, Mrs. Grace Cartwright, Mrs. Elizabeth Carter and Mrs. Gertrude Sixt.

Out-of-town guests included Mrs. Sarah Hunt of Columbiana, county vice chairwoman; Mrs. Vida Davies, treasurer of the Mid-County Republican Club of

Lisbon; Mrs. Mabel Houston, campaign activities chairman of Salem Republican Club, and Mrs. Walter Hunston, wife of the county commissioner.

Next meeting is Oct. 7 at the campaign headquarters on 6th and Market Sts. Individual notices will not be mailed for this meeting. Mrs. Ruth Crawford, president, said.

The tea was the kickoff event of the fall season and marked the resumption of meetings after the summer recess.

READY AND ABLE

Among Midland works employees are thousands of fire fighters ready and able for any emergency which might threaten the plant or community.

The company trains its own fire fighters in a special school held annually. Employees learn how to extinguish various types of fires and how to use fire fighting equipment. More importantly, they learn fire prevention. In every department on every operating turn, there is a capable fire brigade ready if needed.

Next month, October 6 - 12, is Fire Prevention Week. We take this opportunity to salute plant fire fighters and members of fire departments in surrounding communities.

Astronauts Sign Pact For Stories

WASHINGTON (AP) — In the news from Washington:

A.O.K.: The astronauts who are to pioneer a path to the moon have struck gold on earth.

They have signed to tell their private stories in a million-dollar deal with Life magazine and Field Enterprises Educational Corp., publishers of the World Book Encyclopedia.

The 16 astronauts already in the Gemini and Apollo program signed contracts that will bring each \$65,000 over the next four years—a total payment of \$1,040,000.

By the end of the four years—1967—two-man Gemini teams are expected to have orbited the earth in missions lasting a week or more and will have rehearsed techniques for a rendezvous in orbit with other spacecraft.

EAST AND WEST: West Germany's foreign minister, Gerhard Schröder, will not turn a cold shoulder to possible new U.S.-Soviet efforts aimed at easing cold war strains when he visits here this week, German sources report.

But he will, they said, repeat Bonn's view that the Western Allies should not give away anything without getting something in return.

Schröder is due here Thursday night and has an appointment the next day with Secretary of State Dean Rusk.

He is also scheduled to see

President Kennedy on Tuesday.

BACK TO SCHOOL: Establishment of a college to teach trial judges "the most modern and effective techniques of trial procedure" has been announced by Supreme Court Justice Tom C. Clark.

The college developed from seminars for state trial judges held over the last two years by the National Conference of State Trial Judges and the Joint Committee for Effective Administration of Justice.

Clark is chairman of the committee.

The first session—a four-week course for about 200 judges—will be held at the University of Colorado Law School next summer. The money is to come from grants.

NO ASTROGIRLS: The U.S. space agency has no plans to follow Russia's lead in sending a woman into space.

"Russians hurt their program by flying a girl," Robert R. Gilruth, director of the Manned Space Flight Center told the National Rocket Club in a question-and-answer session. "This represented a diversion of their program, just as it would be a diversion from ours."

As for American moon plans, Gilruth declined to be pinned down on a more precise time for landing a man on the moon, saying only he hoped it would be in this decade.

Fall, Winter Class Schedule Opens This Week At YMCA

Classes of the fall and winter schedule will open this week at the YMCA, Carl (Pop) Werner, general secretary, reported.

Prep boys in the A and C groupings will meet on Thursday, Tuesday and Saturday. Junior High School boys meet on Monday and Saturday, while the high school boys are in session Monday and Thursday. Midget boys in the 8-9 years bracket will meet Fridays after school.

Werner said girls will meet on Wednesday and Saturday afternoons. Classes for business women will resume their schedule on Wednesdays at 5:30 and 7:45 p. m.

During the fall and winter, spe-

cial swimming tests will be given all members in an effort to upgrade the overall swimming ability of everyone. Boys, girls and women will be given instruction during their class sessions, while men who are unable to swim or who need additional instruction will be scheduled in a special class.

The men's volleyball group will begin play immediately, with the noon class to play Monday, Wednesday and Friday, and the evening class on Monday and Thursday at 6:30.

Young men and seniors, interested in basketball, will follow the evening businessmen on the floor at 7:30.

Degasser Unit Slated For Weirton Steel

WEIRTON — Equipment is now being constructed for a 300-ton vacuum degassing plant for the Weirton Steel Co.

The plant will be an extension of the Open Hearth building and is scheduled for initial operation during early 1964. It will have capacity to process more than 1,500,000 tons of steel per year.

Vacuum degassing, a development of recent years which originated in Europe, has been used primarily so far in the production of forging quality and high alloy steels which must be "clean" to an exceptional degree.

The Weirton installation will make this high quality available in the low carbon steels used in the manufacture of automobiles, appliances, tin cans and other familiar products.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I am a teenage boy who wants to say something to that loud-mouthed kid who said he didn't see any sense in honoring his parents just because they happen to be older. He said his parents are stupid jerks and so are the parents of most of his friends.

I don't have any parents to honor, but if I did I would honor them plenty. My dad was killed in an accident when I was 11 years old. He was the greatest guy who ever lived. He was only 35 when he died but I'm thankful I had 11 years with him.

My mom died last summer. I don't think the ache in my heart ever will go away. She was a truly wonderful woman.

So please, Ann Landers, print this letter so other kids can see it. Let them know they are blessed if they have their parents. And tell them for me that if they are smart they will honor their parents while they are still on this

earth. I wish I was so lucky. — FIFTEEN AND ALONE.

Dear Fifteen: I wouldn't attempt to add a single word to what you have written. Thank you, Son. I wish you were mine.

Picture Puzzle

Dear Ann: A good friend of ours has taken up painting as a hobby. She says it's much cheaper than psychoanalysis and it is doing her twice as much good.

Yesterday she brought over an enormous canvas, expensively framed. It looks like a bull ape from one angle and an abandoned copper mine from the other. It could be hung upside down or sideways and no one would know the difference. She had the nerve to say it was her impression of me. My wife couldn't stop laughing.

I don't want to hang the monstrosity but my wife says it would be a terrible insult if we didn't hang it — especially after she went to the trouble of having it framed especially for our living room.

If you think this is a gag, let me assure you it is not. I would like your frank opinion. — B.D.O.

Dear B. D. O.: The picture sounds like a great conversation piece and I hope you will hang it, at least for awhile. A sense of humor is what separates man from bull apes and copper mines.

School Of Experience

Dear Ann: May I have just a few inches of your valuable newspaper space to get across a point I had to learn the hard way?

It's simply this: The wife who chews at her husband, nags and criticizes him will surely drive him away. No wife ever got love or attention by demanding it.

I married at 19 — and there was no greener, more stupid, self-centered girl in the world than I was. My husband was an attractive, somewhat serious type who was struggling in the academic field. I felt he was not paying enough attention to me and I accused him of being unfaithful. I kept him up late at night,

questioning, arguing and attacking. He seldom answered, nor did he attempt to defend himself. One day he quietly told me that I had completely destroyed his love for me and suggested that I file suit for a divorce. I was certain he had another woman (I was wrong) and we split up.

Now eight years later I'm 80 years wiser. I'm about to marry a perfectly wonderful man and this time I am going to make home a comfortable and delightful place to be. A place where he will find joy, contentment and peace. — LESSON LEARNED.

Dear Lesson: Thanks for sharing your experience with us. Yours is a letter which should be clipped and referred to often by young wives who are having husband trouble.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Iran Election Cited As Support For Shah

TEHRAN, Iran. (AP)—Results of Iran's long-delayed parliamentary election were proclaimed today as an endorsement of the Shah's land and other reform policies.

First returns in Tuesday's nationwide balloting pointed to victory by government-supported candidates for 230 seats in Parliament.

In a statement, Premier Assadullah Alam said that "live men and women voted, and unlike past elections, identity cards of dead persons or infants were not used by government riggers to obtain votes."

Among reforms sponsored by Shah was granting the right to vote to women.

Tightened Expense Rules Cited Business Falls Drastically At Hotels, Restaurants

NEW YORK (AP)—Hotel and restaurant business fell drastically in the first half of this year and many in the industry place much of the blame on Uncle Sam's tightened expense account tax deduction rules.

Others said the new rules were just one of several factors responsible for the slide.

Confusion over the new regulations rather than the rules themselves.

Stricter rules imposed by private businessmen glad for an excuse to crack down on their own employees.

Wide publicity on crime in some tourist centers, notably Washington, which discouraged some would-be visitors.

In general the government now demands that businessmen show a closer tie between the expenses involved and business activity, and that there be no lavish entertainment of customers or business associates.

In New York City, expense account capital of the world, a spokesman for the hotel association said the rate of occupancy for the first seven months of 1963 was 65 per cent as against 70 per cent for the same period last year.

The spokesman said total food sales in hotel-operated restaurants was down 11 per cent and banquet sales down 12.6 per cent from last year.

He said the drop couldn't be ascribed to any particular source although the confusion and complexity of rules and the new keeping requirements of the new regulations contributed to the decline.

New York City has 400 hotels doing \$250 million to \$275 million in Commerce Department figures worth of business annually and a payroll of \$150 million.

A spokesman for the 3,500-member New York State Restaurant Association said operators felt creaky the "very scare of the (expense account) regulations."

These figures show total hotel rooms occupied in the United States down 12 per cent in the first six months of this year, hotel and off 6.2 per cent for six months.

Bourbon Dunes of the Hotel Association of Washington said the main reason for the decline was "overbuilding." Seven hotels were added in the area in the past year. Total business was about the same as last year, he added, but the new places cut into receipts at the old.

The Commerce Department has no figures on how the large, luxury-type hotels and restaurants are doing. The department sometimes uses figures of Horwath & Horwath of New York City, a private firm, in making predictions but does not publish the figures as its own.

These figures show total hotel rooms occupied in the United States down 12 per cent in the first six months of this year, hotel and off 6.2 per cent for six months.

The National Restaurant Association said decreased sales resulting from the expense account rules changes would not show up in Commerce Department figures since only a very few "expense account" restaurants are included.

The Commerce Department disputes this, contending any decrease would show up to some extent.

Household Employers Told Of Social Security Reporting

During the past year, almost 21,000 "delinquent" household employers were required to make back reports of wages they had paid to cleaning women, maids, and other household help after their employees, or ex-employees, applied for Social Security benefits.

Based on the average of \$1,000 in wages covered by these delinquent reports, the Internal Revenue Service will be collecting about \$1,200,000 in back Social Security taxes from these 21,000 employers, plus interest and penalty, according to Walter Kimbro, manager of the East Lake report office, and Joseph J. Lutz of the Ambridge office of the Social Security Administration.

Since the law holds the employer responsible for making the reports and paying the Social Security taxes due, the delinquent employer is liable for paying both the employer's and the employee's share of the back taxes. There is no time limit if no report was filed, they pointed out.

About 18 1/2 million men, women, and children are now receiving Social Security benefit checks each month, and about 3 million persons apply for old-age, survivors, or disability benefits each year. The average household worker therefore probably knows someone who is getting Social Security payments and is thus likely to file a claim when she reaches retirement age or has to stop working because of disability.

If wages she has earned in household work covered by the Social Security law have not been reported to her Social Security account, the employer will be required, first, to make the report of wages, and second, to pay the delinquent taxes to the Internal Revenue service.

A delinquent employer may also be discovered if the employee at any time asks the Social Security Administration for a statement of the earnings credited to her Social Security account and finds upon receiving it that some wages are missing from her record.

A household worker who is paid \$50 or more cash wages over a three month period by any employer is covered by Social Security. This means that the employer must report her wages and pay the Social Security taxes due—3 1/2 per cent she has deducted from the employee's wages, and 6 1/2 per cent out of her own pocket.

Since there are 12 weeks in each three month calendar quarter, a household worker who is paid as little as \$4 each week will have cash wages totaling more than \$50 in a calendar quarter, they pointed out, and by law, those wages must be reported. This situation often applies to the family "day-laborer."

Winona Group Plans Doctor Fund Canvass

LISBON — The United Civic Improvement Association, organized in August to try to obtain a physician for the Winona area, will sponsor fund drives in surrounding areas the next four weeks.

Representatives of the Ruritan Club and volunteer fire department of Guilford received canvassing supplies Monday evening in the Guilford fire station.

Howard Bailey and Robert Brantingham, both of Winona, and UCLA board members, attended the canvass area to the prospective solicitors.

Anyone who donates \$1 or more becomes a member of the association with voting privileges. Of the UCLA sponsored meetings to distribute supplies are scheduled at four other locations:

North Georgetown Community Center, Wednesday; Phillips Christian Church, Thursday; New Garden Methodist Church, Monday, and Winona Methodist Church, Sept. 23. All meetings begin at 8 p.m. with UCLA board members in charge.

Keep In Trim

By IDA JEAN KAIN

Get Variety In Your Carried Lunch

When excess pounds encroach it's only human nature to want to pin the blame on something other than the food we eat. For the working girl who carries her lunch, the sandwich usually gets a most all the blame.

Hold on there! Is the sandwich really the culprit? Or is it the monotony of the carried lunch that leaves you vaguely dissatisfied so that you reach for a sweet?

It's not difficult to keep a sandwich moderately low in calories, but it takes a little imagination to provide variety so that you do not get unutterably bored with the carried meal.

Make it a challenge. Instead of lamenting that you could be streamlined as all get out except for the fact that you have to eat sandwiches at noon, turn that around and regard the lunch as a chance for controlling calories. That attitude takes away the self-pity.

USE THINLY sliced bread, but spread ever so lightly, or thinly spread with mayonnaise. For added flavor, spread mustard on the second slice. Since protein gives staying power, keep the meat part of the sandwich thick, making sure to use lean meat only.

Make sure to vary the sandwich fillings. Here are some choices: Sliced chicken, baked or boiled ham (fat trimmed), bologna, tuna fish, hard cooked egg, cheese, and any kind of lean meat. If you have some left over pot roast, grind up the meat with added pickle and use a low calorie mayonnaise. Choose one of the low calorie whipped dressings on the market. If you like tuna fish, buy the kind that is water packed, and to this add low calorie dressing.

Vary the bread. Light rye, dark pumpernickel, cracked wheat, high protein, whole wheat or white. Buy the best tasting bread on the market.

FOR A CHANGE you might like to carry thinly sliced bread, lightly buttered and take along a hard cooked egg, or an ounce wedge of cheese, or a chicken leg and thigh.

To add variety in texture, include something chewy as well as something juicy. Wax wrap celery curls, cucumber or carrot sticks, raw turnip slivers or cauliflowerettes. Or carry a tomato. For dessert, vary the fruit. . . how about a wedge of fresh pineapple?

apple, wrapped in foil or wax paper? An easy to peel orange, a fresh pear, a bunch of grapes, a tart apple or a banana. . . or a peach, plums or nectarine?

You can pack a good lunch for 350 calories — and girls, that's a streamlining lunch.

Send stamped, self-addressed, long envelope for new leaflet Eat To Build Leanness. Address your request to Ida Jean Kain in care of The Review. Postcard requests will not be answered.

Memorial Services Held By Legion Post

Memorial services were held for Dick Weston by Lou Provost, chaplain, during the meeting of American Legion Post 374 Monday night at the post.

James Cregar, a delegate to the recent national American Legion convention in Miami Beach, reported on the convention's activities.

Kenneth Brooks, first vice president, reported 99 members have signed for 1964.

Robert Milne discussed the County Council meeting at Salineville Friday and said that the Council will go to the Massillon State Hospital Oct. 9 to entertain the patients.

Music for the dance Saturday night will be by the "Big 5". The next meeting will be Monday.

Bringing Up A Family

By GARRY C. MEYERS

Crime Rate Linked To TV Programs

In his recent annual report, J. Edgar Hoover, Director of the FBI, says that crime is now increasing in the U. S. four times as fast as the population.

The crime rate over the last five years has increased 27 percent while the population has increased 7 percent. In 1962 there were more than 2,000,000 serious offenses recorded. The overall rate of crime increase in 1962 over 1961 was 6 percent. For persons under 17 years of age the rate was 9 percent.

Some of us have long believed the numerous programs of crime and violence on TV, which attract so many very young listeners, have contributed to the upsurge of crime, especially among children and youths.

In most homes children, even as young as two or three, view when and what they please. I have seen no exhaustive surveys of what children so young view, but you and I know that westerns and other programs with shooting, stabbing and slugging are especially appealing to young children.

Also, as you know, broadcasting officials tell us that viewing programs of violence on TV can't do children any harm. Some add, "unless they are already emotionally disturbed children." They also tell us that there is no established proof that violence on TV has any relation to children's behavior, therefore, to crime. They can easily hire certain child experts with big names who believe this.

Then, with captured control of the air waves, which really belong to the public, these broadcasting officials keep telling the millions and millions of listeners what these "experts" say.

Who is there with money enough to buy TV time to question all this brainwashing which brings so much money into the coffers of broadcasting companies? Unwittingly the public press finds much of this brainwashing to be newsy and echoes it to many millions more.

WHERE DO OUR children come in on this? Who is there to champion their protection and welfare?

Are we parents to wait till undoubted scientific proof of harm to children from viewing programs of violence can be established? Why have parents from time immemorial continued to try to teach their children kindness and compassion toward other persons? Why has such teaching been done at home, at school and in the church or synagogue?

Maybe parents, teachers, Sunday school teachers and leaders of character-building agencies should quit such teaching and wait until there is scientific proof that it does any good.

If we must wait for scientific proof to protect our children from attractive suggestions of murder and violence, why should we not wait for scientific proof that we should expose these children to positive suggestions of behavior and ideals which from years and centuries of human experiences we have come to cherish as desirable?

PROFESSOR WILLIAM James once said: "There's no impression without expression," implying that wholesome impressions tend to lead to wholesome behavior while unwholesome impressions tend to lead to unwholesome behavior. Why not trust to common sense?

My bulletin, "How Juvenile Delinquency Can Be Curbed," may be secured by sending a self-addressed stamped envelope to me in care of The Review.

Proceedings Of The Courts

Common Pleas

NEW ENTRIES

Ruth A. Barker vs. Dennie G. Barker; court grants plaintiff right to live separate and apart from defendant, defendant ordered to pay \$45 per week towards support, property settlement made.

Mabel Spears vs. Leonard Spears; divorce granted plaintiff, willful absence. Judgement of \$540 back alimony awarded plaintiff, property settlement made. Former name of Mabel Fogo restored to plaintiff.

NEW CASES

Peoples Savings & Loan Co. vs. Lisbon, vs. Carl A. Farmer and Virginia Farmer, Hanover, et al; action for \$3,561.28 claimed due on promissory note and for foreclosure of real estate mortgage.

Cigarette Seen Cause Of Apartment Blaze

A mattress fire in an apartment at the rear of 312 Market St. spread to a sofa and footstool when the occupant attempted to drag the bedding outside, according to city firemen, who were called at 7:01 a. m. today.

The fire was started by a lighted cigarette, firemen said. As the mattress was being dragged through a room, burning embers ignited the furniture.

Firemen were called to a home at 440 Orchard Grove Ave. Tuesday afternoon for a smoke investigation. Nothing was found.

A fire in the front seat of an auto at the Hall China Co. parking lot in East End was extinguished Tuesday night at 7:05.

A brush fire on Park Way was put out last night at 9:02.

LEGAL NOTICES

LEGAL NOTICE
The unknown heirs, devisees, legatees, administrators, executors and assigns of Martin Brozka, Jr., Deceased, will take notice that Edwin D. Hales, Administrator of the Estate of Martin Brozka, Jr., Deceased, on the 23rd day of August, 1963, filed his petition in the Probate Court of Columbiana County, State of Ohio, where same is designated as Case No. 56818-A, Docket 68, Page 167, for a determination of heirship in said estate. The prayer in said petition is that the Court determine who are the heirs of said deceased entitled by law to inherit said estate according to the statutes in such cases made and provided for and other laws.

The persons above named will further take notice that they have been made parties defendant to said petition and that they are required to answer the same on or before the 7 day of Oct. 1963, at 10:00 o'clock A.M.

Edwin D. Hales, Administrator of the Estate of Martin Brozka, Jr., Deceased.
Donald L. Smith, Attorney for Petitioner.

Junior Editors Quiz on
THE AZTECS

QUESTION: How could a few Spaniards have conquered the whole Aztec nation?

ANSWER: The Aztecs had the same ancestors as the American Indians. Their civilization arose after about 3,000 years of development by other tribes such as the Toltecs. The Aztecs built a great city, Tenochtitlan, on the site where Mexico City now stands. They were wonderful artists and craftsmen, but their main interest was in religion and war. They worshipped many gods, to whom they made continual sacrifices, including thousands of human beings, mostly prisoners taken in battle. From 20,000 to 50,000 victims were sometimes sacrificed yearly.

When the Spanish leader Hernando Cortez arrived in the Aztec capital in 1519, the Aztec king, Montezuma, welcomed him, possibly mistaking him for a god. But other Aztecs rebelled and attacked. Outnumbered, the Spaniards withdrew from the city. But the Aztecs were hated by other Indian tribes because of their cruelty, and Cortez had little trouble getting help. He built up a great army and captured Tenochtitlan in 1521, ending the Aztec nation.

FOR YOU TO DO: There is an interesting legend as to why the Aztecs built the capital city on that particular spot. See if you can find it in an article telling about the history of the Aztecs or of Mexico City.

Jerry Gill of Colonial Heights, Va., wins the daily grand prize of a 20-volume set of World Book Encyclopedia for this question. Mails yours on a postcard to Junior Editors of The Review and you too may win a set.
